Proof of membership 2026

TOOLS AS

with VAT no. 980341097

is affiliated to RENAS BATTERI AS

By virtue of its membership the enterprise fulfills the requirements of Chapter 3 of the Norwegian Waste Regulations.

As a member of RENAS the enterprise fulfills its statutory responsibility incumbent on importers and manufacturers of batteries for ensuring collection and environmentally correct handling of discarded batteries. This is regulated in Chapter 3 of the Waste Regulations pertaining to discarded batteries, stipulated by the Ministry of Climate and Environment. RENAS BATTERI is wholly owned by RENAS AS and administers a nationwide scheme for collection and treatment of discarded batteries. RENAS BATTERI is certified in accordance with Chapter 3 of the Waste Regulations and ISO 14001, and is approved by the Norwegian Environment Agency as a collectively financed recycling company.
