- Gross Vehicle Mass (GVM) is the maximum loaded mass of a vehicle.
- † Kerb mass is the unladen mass of the vehicle with full tank of fuel without any accessories fitted.
- > Payload is the GVM minus the Kerb mass. The kerb mass does not include passengers, luggage, cargo, any accessories fitted or any towball download (as appropriate). Payload is distributed across both the front and rear axles, never exceed the GVM or the axle limits. Payload figure is calculated prior to fitment of any tray or body to the vehicle.
- ‡ Towing capacity is subject to towbar/towball capacity and is based on the fitment of a Genuine Nissan towbar. Towing capacity figure described is a maximum figure. Actual towing capacity depends on the laden mass of the vehicle, driving conditions, fitment of any accessories or towing equipment limitations including the maximum towball download.
- ~ Figures tested in accordance with ECE R101 (Urban, Extra-Urban and Combined tests). Results were achieved under laboratory test conditions and are provided for comparison purposes only. They are not intended to reflect real-world driving results. Actual fuel consumption will vary depending on driving conditions, driving style, vehicle condition, environmental conditions, vehicle load and accessories fitted.
- + ProPILOT cannot prevent collisions. It is the driver's responsibility to be in control of the vehicle at all times. Always monitor traffic conditions and keep both hands on the steering wheel. System operates only when lane markings are detected. Does not function in all weather, traffic and road conditions. System has limited control capability and the driver may need to steer, brake or accelerate at any time to maintain safety. See Owner's Manual for safety information
- Δ Nissan Patrol vehicles come with a complimentary 2-year subscription to NissanConnect connected car services, a subscription-based service. Once the initial 2-year ends, an annual fee will apply and the service will not be automatically renewed unless the purchaser chooses to take up an annual subscription. Please speak with a dealer for details on subscription options and pricing, noting that options and pricing may be subject to change.
