SPORTS UNIFORM

All boys playing for a College team must be in the correct uniform if they wish to take to the field. When travelling outside the region or when representing first teams, boys will travel in their dress uniform (No.1s). At other times locally, the full College tracksuit is the only acceptable outerwear.

All students wear their playing strip for training. During winter months, when it is cold, they should wear their College sport tracksuit.

These are sold at the Uniform Shop. Specific training tops are shell jackets and can be purchased for training purposes. If you are unsure, please communicate with your coach, who will be able to detail the playing strip and training gear.

Some individual codes such as mountain biking, swimming and surfing may have specific uniform requirements outside the approved list. In these instances, when boys arrive at the event and/or when the event finishes, they should be in the full College tracksuit.

When attending post-event functions and award ceremonies, teams will wear their dress uniform (No.1s). Undergarments such as 'skins' if worn, should not be visible.
