Nathan Stocke

Inventory manager experienced in coordinating stock control across multiple locations, reducing shrinkage, and improving inventory accuracy. Works closely with merchandising and warehouse teams to maintain equipment availability and control costs. Skilled in inventory reporting, physical stock counts, and logistics coordination, with a record of supporting annual inventory savings of up to $750,000.

Work Experience

Inventory Manager
May 2017 - Present

Stocking Plus, Tampa, FL

- Reduced inventory shrinkage from 7% to 3% and maintained the improved level for four years.
- Identified outdated equipment and coordinated with merchandisers to secure a $60,000 credit toward replacements.
- Managed an inventory control program covering 175 branch locations and $160 million in annual acquisitions.
- Reviewed stock records and investigated discrepancies to identify losses, recording errors, and replenishment needs.
- Coordinated with branch teams to monitor equipment availability and prioritize replacements.
- Prepared inventory reports to support purchasing decisions, cost control, and operational planning.

Inventory Clerk
Jan 2016 - May 2017

It's About Stocking, Tampa, FL

- Completed physical inventories covering almost 3,000 line items with 99% accuracy.
- Met monthly stock-count deadlines and maintained records to support month-end reporting.
- Reconciled physical counts with inventory records and flagged discrepancies for investigation.
- Updated stock records using barcode software and assisted with shipment documentation.
- Maintained 100% compliance with applicable DOT requirements, helping reduce company fines.

Education

Bachelor of Arts in Business Administration
May 2017

Tampa School of Business, Tampa, FL
