I spy with my little eye | **Что вижу, то пою!**

bee

pig

tree

A tree is tall, it’s taller than me

I’m shorter than a tree, but I’m taller than a bee

The tree is the tallest of them all

Short, shorter, shortest

Tall, taller, tallest

The tree is the tallest of them all

Short, shorter, shortest

Tall, taller, tallest

The tree is the tallest of them all

sea

A bee is small, it’s smaller than me

I’m bigger than a bee, but I’m smaller than a sea

The bee is the smallest of them all

Small, smaller, smallest

Big, bigger, biggest

The bee is the smallest of them all

Small, smaller, smallest

Big, bigger, biggest

The bee is the smallest of them all

pea

A pig is fat, it’s fatter than me

I’m thinner than a pig, but I’m fatter than a pea

But pig is the fattest of them all

Fat, fatter, fattest

Thin, thinner, thinnest

But pig is the fattest of them all

Fat, fatter, fattest

Thin, thinner, thinnest

But pig is the fattest of them all
