

You said....	We did (are doing).....
Head bump accidents should be reported to parents/carers	Absolutely, it is procedure in our policies and parents and carers should be informed either verbally, on dojo or with a letter. We have reminded everyone of this procedure. Please come and talk to us individually if you have a concern.
Dojo Communication - good for updates about events, more information about what the children are doing/achieving in their classwork	We have addressed this through your parent/teacher 'Progress Meetings,' through an expectation that work is uploaded onto the children's dojo portfolio at least once a half term and through our 'open afternoon' where the children shared their work with you. Teachers will also contact you individually if there are concerns or if exceptional progress has been made in something. We also post photos on the Dojo class story of events and activities 'beyond the everyday curriculum' - such as trips, visitors and some practical activities as well as a weekly dojo to tell you about the following week's learning. We are mindful of posting too much on Dojo which can result in important messages being overlooked.
How is the Education Strategy being implemented at La Houquette?	As a school we have been considering what we already do to meet the objectives of the new Education Strategy. We are also working to ensure that our school development priorities fit into meeting these objectives. Through our training in staff meetings we are making clear links between our development work and the objectives of the strategy. As the objectives become more embedded in all that we do, we will aim to make these links more visible to you. We have begun to do this, for example at Mrs Judd's Headteacher's Presentation in September.
More celebration of pupils' achievements in island wide events	Agreed. We are usually very good at this and have plenty to celebrate. We will make sure we are sharing school achievements and are in the process of creating a WOW board in the school hall where photos of achievements will be displayed -. We will need your help in letting us know of out of school achievements!
Is there a mobile phone policy?	This can be found in our Behaviour and Conduct Policy:- <i>"We are aware that many pupils, especially as they get older, have their own mobile phone. At La Houquette, we have made the decision to restrict the use of mobile phones at school. They should only be brought in, if really needed, for children to communicate with parents during the journey to or from school. ALL mobile phones are handed in to the office, without exception. "</i>
