### The Salvo™ E-Billing Solution Optimizes Global E-Billing for Integrated, Efficient, and Accurate Billing Operations

- ▶ Synchronizes the E-Billing process with outside vendors to validate criteria including outside counsel guidelines, timekeeper approvals, and more
- ▶ Allows for easier awareness and review of invoices and action items
- ▶ Enables easy E-Bill generation and monitoring through a user-friendly interface
- ▶ Coordinates collaboration with document sharing and access
- ▶ Contributes to potential increases in cash flow by flagging errors that lead to write-offs/downs and rejections
