### The Curo™ Matter Management Solution Maximizes Matter Profitability through Best Practice Pricing, Budgeting, and Monitoring

- ▶ Facilitates generation of data-driven quotes based on historical quantitative and qualitative results, realistic budgets, and balanced team structures
- ▶ Allows real-time matter monitoring for capable administration and evaluation of each aspect of a matter with successful matter outcomes at the forefront
- ▶ Models, creates, and compares various fee arrangements seamlessly to foster greater client-firm collaboration and mutual success
- ▶ Tracks actuals vs. budget in real-time to predict cost overruns early in the matter life cycle, improving adherence to the budget and increasing profitability in the process
- ▶ Provides a robust legal project management toolset to enable real-time monitoring and proactive responses to unique matter needs
