

EP & SCE

EUROPEAN PROCUREMENT & SUPPLY CHAIN EXCELLENCE SUMMIT

Steigenberger Frankfurter Hof, Frankfurt am Main, Germany

Pre-Summit Evening Event: 15th April 2024

Summit Day: 16th April 2024

www.bme.de/epsce

The Summit is designed as an invitation-only event with the major aim of providing a comprehensive networking platform for C-Level Procurement & Supply Chain Executives.

Procurement is well-positioned to pioneer new approaches to business integration, supply chain resilience and purpose-led partnerships to drive innovation, expertise and value needed for sustainable growth. By embracing this role, procurement & supply chain professionals can pave the way for a future where challenges are transformed into opportunities, ultimately shaping the success of their organizations.

Priorities in this years' program are:

- **Embrace Purpose**
Embark on a journey, shifting from conventional to purpose-driven functions.
- **Cost Savings or Strategy and Value?**
Why settle for one when you can have both? Balance cost savings with strategic value
- **AI and Beyond**
Achieve procurement and supply chain excellence in an AI-driven age
- **Sustainability and Beyond**
Navigate the intricacies of the triple bottom line encompassing social, environmental & financial value

The organizer is BME: The Number One Network for Supply Chain Management, Procurement and Logistics
BME e.V. is Europe's leading non-profit industry association for Supply Chain, Procurement & Logistic Professionals, uniting more than 9.500 company members and more than €1.25 trillion annual purchasing volume across all industries. We have a proven record of accomplishment as a professional & neutral platform and provider of numerous successful congresses, seminars and webinars.

11:00	Networking break
11:30-13:00	ROUNDTABLE SESSIONS Join two discussion rounds of your choice. Each round lasts 40 minutes.

INTERACTIVE ROUNDTABLE 1 – 3

11:30 **ROUNDTABLE 1** Salon 11
CBAM, EUDR, LkSG, CSDDD, CO2 Scope3 – procurement is suffocating. Is there another way?

- How can data quality be improved?
- How can you bring more responsiveness to supplier engagement?
- What are the benefits of greater transparency in procurement?

Alberto Zamora, CEO & Co-Founder, osapiens services GmbH

11:30 **ROUNDTABLE 2** Salon 12
Strategic Empowerment: AI and Automation in a Connected Enterprise

- Efficiency: Unleashing the Power of AI across your source to pay processes
- Technology Harmonization: Crafting a Unified Approach for Success
- User-Centric Enhancement: Transforming the Procurement Experience for Specialists and Employees

David Peters, Senior Solution Executive, ServiceNow

11:30 **ROUNDTABLE 3** Salon 7-9
CSRD and beyond: how to proactively connect your compliance and sustainability programs

- What role does CSRD play in your sustainability program
- How does corporate responsibility connect with product sustainability?
- How to build an integrated program that spans multiple reporting requirements
- How to gain visibility in a cost efficient way

Sue Fortunato-Esbach, Manager,
EU Regulatory and Sustainability Experts, Assent

INTERACTIVE ROUNDTABLE 4 – 6

11:30 **ROUNDTABLE 4** Salon 5
Decarbonizing supply chains: From CEO's vision to Procurement's mission possible

- Decarbonization of supply chains is tough
- ctrl+s and Siemens partnered to pioneer a feasible solution for managing Scope 3 emissions in line with current regulations to achieve (SBTi) reduction goals

Tupac Celery, Program Manager Supply Chain, Siemens AG
Dr. Moritz Nill, CEO, ctrl+s GmbH

11:30 **ROUNDTABLE 5** Salon 4
Building a resilient supply chain at Trumpf

- Assessing the status quo
- Defining the north star and charting the course
- Enablement and technology

Michael D'Alessandro, Head of Purchasing Excellence, Trumpf
Georg Rösch, VP Direct Procurement Strategy, JAGGAER

11:30 **ROUNDTABLE 6** Salon 3
AI-Driven Procurement: Shaping Tomorrow's Supply Chain Leaders

- Procurement does not need AI, it needs people who can use AI
- The buyer of the future as a strategic entrepreneur in the organisation

Tobias Lindener, Tech Lead Applied AI, ProcureAi GmbH
Francesco Peroni, CRO, ProcureAi GmbH

12:10 **Changeover break**

INTERACTIVE ROUNDTABLE 7 – 9

12:15 **ROUNDTABLE 7** Salon 11

Amer Sports Group (Wilson, Arc'teryx, Atomic etc.): Building an Efficient Indirect Procurement Across a Global Organization

- The journey to professionalize Indirect Procurement
- A clear vision and goals are key
- Procurement processes and tools
- 6 cornerstones of successful Global Procurement Organization

Fabian Heinrich, CEO & Co-Founder, Mercanis
Sven Novak, Director Global Indirect Procurement, Amer Sports Corporation

12:15 **ROUNDTABLE 8** Salon 12

Compliance: The transition from the Supply Chain Act to the Corporate Sustainability Due Diligence Directive

- How does the Supply Chain Act differ from the Corporate Sustainability Due Diligence Directive?
- what companies need to do to fulfil the CS3D and how the LkSG may have already prepared German companies for it
- what role AI plays in the compliance process for the CS3D

Harald Nitschinger, Co-Founder & Managing Director, Prewave GmbH

12:15 **ROUNDTABLE 9** Salon 7-9

Inventory Optimization with APS / SCP as Add-On Solution

- Why your ERP Solution isn't a planning tool and outdated compared to best-of-breed solutions
- What logistical parameter and data is essential to approach inventory optimization
- How to implement APS / SCP solutions and what business impact is possible

Birger Klinke, Head of Sales & Marketing, Slimstock GmbH
Eelco Wever, Managing Director, Slimstock GmbH

13:00 **Lunch break**

INTERACTIVE ROUNDTABLE 10 – 12

12:15 **ROUNDTABLE 10** Salon 5

Procurement in the context of the current energy transition

- Challenges in procurement as a result of constantly increasing investment and project portfolios
- Positioning procurement in tense markets to ensure security of supply

Johannes Kobbeloer, Partner und Mitglied der Geschäftsleitung, Kerkhoff Consulting

Stephan Kunigk, Senior Vice President Procurement, Amprion GmbH

12:15 **ROUNDTABLE 11** Salon 4

How to Get Ahead in Procurement: Deciphering our frenetic economy and benefitting from latest technology

- The CPO today and tomorrow
- Take control of your supplier data and collaborate to win
- People and (flexible) technology are inseparable

Ari Stone, SVP, Solution Consulting, Services and Value Engineering, lvalua

12:15 **ROUNDTABLE 12** Salon 3

Virtual Card B2B Payment Solutions with Degussa Bank, SAP Taulia and Mastercard

- Experience an integrated virtual card payment solution within the SAP Taulia platform.
- The new solution provides businesses with additional working capital management advantages, including the ability to maximize cash flow and minimize payment uncertainty
- Corporates can streamline previously cumbersome payment-related tasks more effectively and affordably.

Marco-José Rodrigues, Senior Key Account Manager Commercial Card Programs, Degussa Bank AG

Sebastian Niemeyer, Global Account Manager, SAP Taulia

Renold Vasili, Director Business Development Commercial Solutions DACH, Mastercard

PARALLEL SESSIONS: CHOOSE YOUR SESSION TO DIG DEEPER INTO A TOPIC OF YOUR CHOICE

	STREAM 1 Supply Chain Excellence Moderator: Prof. Dr. Christoph Bode , Endowed Chair of Procurement, University of Mannheim Salon 11	STREAM 2 Procurement Excellence Moderator: Prof. Dr. Florian C. Kleemann , Professor for Supply Chain Management, University of Applied Sciences Munich Ballroom	STREAM 3 Sustainability & beyond Moderator: Cara Gerlach , Managerin Procurement Excellence & Sustainability, Union Investment Salon 12	STREAM 4 Artificial Intelligence & beyond Moderator: Lisa Immensack , Senior International Project Manager, BMEnet GmbH Salon3-5
14:30	The Power of Integration: Revolutionizing the Modern Supply Chain <ul style="list-style-type: none"> Increasing efficiency Maximizing Supply Chain Resilience Driving customer satisfaction <p>Patric Hoffmann, Senior Vice President Global Ventures & Innovation, DB Schenker</p>	PANEL DISCUSSION Procurement as ally to the business: How can you best structure your procurement organisation to deliver greater business value? <p>Laila Dalla Torre, Global COE Director, Bekaert Andreas Wetjen, VP Cabin Procurement, AIRBUS</p>	How does sustainability become a part of your DNA in your global procurement organization? – Our sustainability journey @TÜV SÜD <ul style="list-style-type: none"> How to prepare yourself? How to implement your sustainability strategy? How to measure success – What is in for you as procurement and your company? <p>Dietmar Hauser, CPO – Chief Procurement Officer TÜV SÜD AG / Managing Director – TÜV SÜD Business Services GmbH</p>	Artificial Intelligence in Procurement and Supply Chain <ul style="list-style-type: none"> What are use cases of AI within procurement What is going on and what is the outlook What are the learnings so far <p>Pratik Yadav, Partner and Associate Director, Boston Consulting Group</p>
14:55	Out of the crisis? How to prepare a global acting procurement organization on future supply chain disruptions and shifting markets? <p>Roland Seckler, Vice President Global Supply Chain Operations, Ypsomed AG</p>	Global Purchasing Reference Organization: Synchronizing global performance <ul style="list-style-type: none"> Definition of relevant stakeholders and cross-functional global processes Alignment of a globally standardized set of job profiles in global purchasing Definition of a cross-functional skill-matrix enabling global impact <p>Dr. Boris Idler, Head of Global Purchasing Excellence, Festo SE & Co. KG</p>	Challenges on the way to zero emissions <ul style="list-style-type: none"> Obstacles on the sustainability journey Roles and behaviours of the different players Can it ever be economic? <p>Kai Berking, CPO, ALBA Management GmbH</p>	AI in Procurement and Supply Chain: A Journey of Innovation, Collaboration, and Learning <ul style="list-style-type: none"> AI's potential in Procurement & Supply Chain: Automation and enhanced insights through complex data Importance of clear vision and strategy: AI requires planning, experimentation, and a defined approach Developing strategy, addressing barriers, and planning for human-machine collaboration in Procurement & Supply Chain <p>Dr. Tina Manoharan, former VP, Global Head of AI & Digital Innovation, Philips</p>
15:20	ESG Evolution in Procurement: Sourcing and Category Management Impact <ul style="list-style-type: none"> Procurement's shift from traditional to ESG focus Category Management's expanded role beyond savings Procurement's impact on ESG performance and company growth Mainova's ESG integration in sourcing and category management <p>Christoffer Hagner, Head of Procurement, Mainova AG</p>	Purchase to Pay (P2P) Finance Transformations: Why Procurement Leaders need to be partners with Finance in this journey <ul style="list-style-type: none"> Typical scope of a P2P transformation program and risks to the Procurement function Key decisions and contributions required (and will make sense to come) from Procurement Ensuring representation and governance <p>Donna Künzler, Head of Procurement Process Excellence & Digital Transformation, Robotics and Discrete Automation, ABB Switzerland Ltd.</p>	Incentivising Suppliers Via a SUSTAINABILITY-LINKED supply chain finance programme <ul style="list-style-type: none"> Global beverage sustainability initiative rewards eco-friendly supplier practices. Financing tied to sustainability goals, unlocking discounts upon achievement. Launched in Germany, expanded to CCEP's global suppliers. Aligns with CCEP's goal of net-zero emissions by 2040 <p>Ralf Peters, Vice President Procurement @ Coca-Cola Europacific Partners (CCEP) Chairman at Coca-Cola's Cross Enterprise Procurement Group (CEPG)</p>	Artificial Intelligence in Procurement – a showcase <ul style="list-style-type: none"> Decision process why did we decide to work with AI Implementation phase and change of mindset Summary and Resumen after 1 year + of implementation <p>Meik Hammer, Director, Aqanima Grupo Santander</p>

Summit Day

Tuesday, 16th April 2024

EP & SCE

15:45 Networking break

PLENARY SESSION

16:15 Procurement strategies for raw material and energy

- What does it take to succeed?
- Which strategy when?
- Who decides?

Assent

Real depth. Sustainable growth.

Assent is the supply chain sustainability management solution dedicated to helping complex manufacturers bring responsible products to the world. Because supply chains were never built with sustainability in mind, Assent goes deep: past the suppliers of parts, down to the parts of parts and beyond, to map the entire complex manufacturing genome. Shaped by regulatory experts, customers, and suppliers, Assent is the foundation for cross-enterprise sustainability. Headquartered in Ottawa, Canada, Assent employs more than 1,000 team members dedicated to customers across the globe.

CONSULTING

“Improving your results is our passion.”

Award Winning Management consultancy for purchasing & supply chain management together with our customers we ensure sustainable value chains.

For over 25 years, we have been fulfilling the needs of our customers with individual solutions that we implement together. As the experts in purchasing and supply chain management, we sustainably increase our customers' earnings by improving costs and cash along the entire value chain. **Kerkhoff** further increases the maturity level of your organization and employees, while taking them along the way.

Think globally connected, act locally aligned. With more than 265,000 employees in 143 countries and territories, **KPMG** is one of the leading audit and advisory firms. In our Consulting practice we transform the value chain of our clients with integrated solutions and a broad network of global expertise. Next to best-in-class procurement, operations and supply chain consulting we support our clients for a holistic and compliant sustainability transformation - strengthening resilience and increasing performance.

Mercanis is a solution that enables the digitalization and automation of procurement with a holistic Source-to-Contract (S2C) approach. The software offers various modules such as Sourcing, Supplier Management (SRM) incl. LkSG (German Supply Chain Act), Contract Management and Spend Analysis. The company was founded in September 2020 by Fabian Heinrich and Moritz Weiermann and quickly developed into one of the leading sourcing suites, which was also recognized with the Gartner Cool Vendor Award. Customers such as Frutiger, BS Energy, Rottendorf Pharma, Peak Performance, Wilson and Oventrop trust Mercanis. The solution was financed by renowned investors with more than 10 million US dollars.

Osapiens provides easy-to-integrate solutions for your supply chain operations. Our mission is to enhance sustainability by transparency, predictability, and trust. The osapiens HUB – supplier os is a legally-safe software for complying with national and international laws, ensuring human rights and environmental regulations. All solutions of the osapiens HUB provide you with automated and scalable modules

Prewave heralds a new era of supply chain transparency, resilience & sustainability: With the mission of improving supply chains at heart, Prewave uses publicly available data from local news, social media and other databases in order to discover every link of the supply chain and understand and report on risks impacting suppliers and commodities along every tier. Prewaves AI algorithm analyses sources in more than 50 languages across 100+ risk categories to ensure that no disruption goes unnoticed. Brands such as VW, BMW, ABinBev, PWC or Zurich Insurance are already reaping the benefits today.

Procure Ai

Procure Ai is a fast-growing deep-tech start-up that creates transparent added value with its innovative Augmented Procurement Platform. Our platform makes it possible to transform analytical insights directly into action-oriented recommendations. Whether you need targeted guidance through the purchasing process or seek full automation of ordering processes, Procure Ai offers a new and smarter approach to procurement. Particularly in the area of indirect purchasing, Procure Ai's automation of low-value orders significantly reduces the manual effort previously required for renegotiations. By intelligently recognizing and structuring existing free-text orders and providing intelligent recommendations for action throughout the entire sourcing process, Procure Ai increases efficiency within your procurement department.
