

Global BME B2B matchmaking events - designed to serve your procurement needs

Enlarge your supplier base at our B2B events in ASEAN, Europe or India

BME supports with its international Matchmaking Platform www.bmematchmaking.com sourcing activities worldwide. Our buyer-supplier matchmakings enable direct discussions between procurement professionals and international suppliers.

After registering free of charge for a matchmaking service, buyers can express their needs by filling out the RFI questionnaire. Our partners on-site prequalify suppliers and service providers from different commodity groups, who publish their profiles on the platform.

Buyers then use the platform to search for suitable suppliers in different sectors or commodities that meet their individual requirements. Supplying companies also have access to buyer profiles and can highlight their competences. Our aim is to find the right partner for you and to arrange the initial contact in individual B2B meetings.

Facts

More than **800 buyers** and **4,000 suppliers** have already signed up on the platform

Over **20 partners** from **20+ active sourcing markets** guarantee qualified market access

More than **8,000 B2B-Meetings** organized since 2015

Key features for buyers

- Indicate your needs and requirements conveniently with the RFI questionnaire.
- Find all of the upcoming BME B2B events online.
- Efficiently filter supplier profiles that match your needs.
- Invite potential business partners to B2B meetings and register for events online or on-site.
- Receive your customized B2B plan and meet your pre-selected vendors in individual one-on-one meetings.

First steps to participate in our events

Step 1 Register as a buyer for the BME Matchmaking Service, free of charge.

Step 2 Fill out and send the questionnaire to BME. Mark the events you are interested in, free of charge.

Step 3 BME will inform you as soon as you get access to the profiles, can select your preferred B2B partners and register for the events.
