MOBILE AS A SERVICE (MaaS)

In an increasingly connected, digital and mobile world, companies need to enable their employees to work efficiently, securely and productively from anywhere. With Mobile as a Service (MaaS), Sunrise not only offers a digital, mobile workplace, but a comprehensive solution from a single source that allows companies to customize products and services for a digital, mobile workplace. In addition, MaaS can be scaled flexibly and reduces the administrative effort thanks to intuitive and innovative management options provided by the Sunrise Business portals.

BUSINESS

Mobile rate models

Choose best-suited mobile rate model for your business. We're also more than happy to combine different rate models for you. Of course, with all rate models, you get to use our multiple award-winning mobile network.

	DESCRIPTION	ADMINISTRATION & SUPPORT
Business Mobile Plus	Choose from a variety of pre-designed Business Mobile Plus subscriptions that include voice, message and data connections.	Manage your subscriptions yourself in our intuitive Sunrise Business Portal (SBP) or have your employees take over the management themselves in the Sunrise Business Cockpit (SBC), or leave it up to Sunrise or a partner.
Business Mobile Internet	If you only need data connections, you can choose from our Business Mobile Internet subscriptions.	
Business Net Rate Plan	Let's create your individual subscription together.	
Business Mobile Evolution	Choose a tailored alternative billing model that allows you to obtain included services from a central pool.	
Business Mobile AI	You travel a lot and always find yourself in different places? Then choose our dynamic subscriptions, which automatically adapt to suit your travel plans. This ensures that you always have the best subscription.	

Mobile Packages & services

Add packages to your mobile rate model to make it even more flexible and customized.

	DESCRIPTION	ADMINISTRATION & SUPPORT
Roaming options	Choose from various roaming packages that include only voice connections, only data connections, or both.	Manage your roaming settings centrally in the Sunrise Business Portal (SBP) or have your employee take over the management themselves in the Sunrise Roaming Cockpit.
International options	Add international packages to your subscriptions.	Manage your packages and services yourself in our intuitive Sunrise Business Portal (SBP) or have your employees take over the management themselves in the Sunrise Business Cockpit (SBC), or leave the management up to Sunrise or a partner. Add speed, surfing or priority packages to your subscriptions.
Speed, surfing & priority packages	Add speed, surfing or priority packages to your subscriptions.	
Extra SIM Business and Extra SIM Watch	Do your employee uses more than one device? Then simply expand. Your subscriptions with extra SIMs, for example, for a notebook, tablet or smartwatch.	
eSIM	If you want to be even more digital on the go, you can use eSIMs instead of physical SIM cards.	

Rate models for devices

We are happy to offer you the right device from our extensive portfolio of devices and accessories for smartphones and tablets. You can choose from various financing options and service scopes.

	DESCRIPTION	ADMINISTRATION & SUPPORT
One-time device purchase	You prefer a hassle-free one-time device purchase that you receive the very next working day? Then choose our one-time purchase option.	Devices can be ordered and managed easily and conveniently in the Sunrise Business Portal (SBP) or by your employees themselves in the Sunrise Business Cockpit (SBC). When placing your order, you can decide under which conditions your employees can purchase devices.
Device installment payment	Would you like to pay off your device in monthly installments? Then select our device installment payment plan.	
Device rental	If you only want to rent the devices and thus benefit from a low basic monthly fee, opt for a device rental plan.	

Device packages & services

Our device packages and services help you reduce administration and achieve greater cost security.

	DESCRIPTION	ADMINISTRATION & SUPPORT
Repairs	In the event of a warranty or damage case, make use of our practical and certified repair service.	Device packages and services can be easily and conveniently purchased in the Sunrise Business Portal (SBP) or by your employees themselves in the Sunrise Business Cockpit (SBC).
Insurance	For a small fee, you can take out insurance directly when ordering your devices.	

Device configuration & security

If you'd like to configure and restrict access and security aspects of your employees' devices, select one of our device management solutions.

	DESCRIPTION	ADMINISTRATION & SUPPORT
Enterprise Mobility Management (EMM)	If you're keen on complete protection of your sensitive company data on business or private mobile devices, then choose one of our EMM solutions from MobileIron or Microsoft Intune.	You can use the management software from MobileIron or Microsoft Intune to manage it. We at Sunrise are more than happy to take over the management or, if desired, a partner can manage the EMM solution.
Apple Business Manager (ABM)	Would you like to use the automated configuration of your Apple devices? Then the Apple Business Manager (ABM) the right choice for you.	While ordering a device, you can simply and conveniently enter your ABM Customer ID in our Sunrise Business Portal (SBP) to authorize the automatic configuration of your device.

Self-service tools & support

It's completely your choice how you manage your services and products or how you have them managed.

	DESCRIPTION	ADMINISTRATION & SUPPORT
Self-service platform Sunrise Business Portal (SBP)	With our intuitive Sunrise Business Portal (SBP), your fleet manager can take over the management of your mobile rate models and devices at any time.	Easy self-management by your fleet manager in the Sunrise Business Portal (SBP), which is available around the clock. Alternatively, you can also use your own management tool by linking it to our SBP via API.
Employee self-care Sunrise Business Cockpit (SBC)	You decide under which conditions (approval, amount, limits, etc.) your employees can independently order and manage their mobile rates and devices.	Let your employees independently take over management in the Sunrise Business Cockpit (SBC). In addition, we can also link your Active Directory (AD) so that you can manage everything even more productively.
Sunrise Service Manager	Would you like to outsource your fleet management? In that case, our Sunrise Service Management Team will be happy to take over fleet management remotely or on-premise.	Your personal Sunrise Service Manager takes over fleet management for your company using our intuitive Sunrise Business Portal (SBP).
Partner Fleet Manager	FIf you'd prefer, you can also outsource fleet management to one of our partners, who will then manage your subscriptions and devices.	The partner uses our intuitive Sunrise Business Portal (SBP) for the fleet management or links their own tool via API.

Please don't hesitate to call us if you'd like more information.
