

Micador for Artists Stylist Brush Markers - Metallic

1. Product Identifier & Identity for the Chemical

Product name	Micador for Artists Stylist Brush Markers – Metallic, Box 5
Product codes	RMABRUSH5M
Recommended use	Art and Craft
Restrictions on use	Art material, not a toy
Date issued	25th July 2025
Company name	Micador Australia Pty Ltd
ABN	98 004 509 880
Address	3 Park Rd, Cheltenham, 3192, Victoria, Australia
Emergency phone	03 8788 1800 (Monday – Friday from 9am – 5pm)
Phone	03 8788 1800
Fax	03 8788 1810
Email	safety@micador.com.au

Poisons Information Centre

2. Hazard Identification

Hazard classification

This product is **not classified as a hazardous substance or mixture** according to the criteria of the Globally Harmonised System of Classification and Labelling of Chemicals (GHS).

The product is not classified according to the Regulation (EC) No. 1272/2008.

- Information concerning particular hazards for human and environment:
 GHS classification of the substance/mixture: Not include in GHS classification
 GHS label elements and precautionary statements: Not include GHS label elements and precautionary statements.
- POTENTIAL HEALTH EFFECTS

Skin Contact	: May Cause an allergic skin reaction.
Eye Contact	: Not Cause Eye Irritation.
Ingestion	: May Cause nausea.
Chronic Effects	: NTP: Not Tested.

2.2. Label elements

- Labelling according to Regulation (EC) No 1272/2008: Not applicable.

3. Composition/Information on Ingredients

Proprietary – available on request

4. First Aid Measures

4.1 Description of first aid measures

· After Skin contact: Immediately wash with water and soap and rinse thoroughly.

If skin irritation continues, consult a doctor.

· After eye contact: Rinse opened eye for several minutes under running water.

If symptoms persist, consult a doctor.

4.2 Most important symptoms and effects, both acute and delayed No: further relevant information available.

4.3 Indication of any immediate medical attention and special treatment needed:

No further relevant information available.

5. Fire Fighting Measures

5.1 Extinguishing media: Water, carbon dioxide or chemical foam

· Suitable extinguishing agents: Use fire extinguishing methods suitable to surrounding conditions.

5.2 Special hazards arising from the substance or mixture : No further relevant information available.

5.3 Advice for fire fighters

· Protective equipment: Wear fully protective suit.

Mouth respiratory protective device.

6. Accidental Release Measures

6.1 Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation.

Use respiratory protective device against the effects of fumes/ dust/aerosol.

Avoid contact with eyes.

Avoid contact with skin.

6.2 Environmental precautions: Do not allow to enter sewers/ surface or ground water.

6.3 Methods and material for containment and cleaning up:

Absorb with liquid-binding material(sand, diatomite, acid binders, universal binders, sawdust).

Dispose contaminated material as waste according to item 13

6.4. Reference to other sections

- See Section 7 for information on safe handling.

- See Section 8 for information on personal protection equipment.

- See Section 13 for information on disposal

7. Handling and Storage

7.1 Precautions for safe handling

Keep receptacles lightly sealed.

Keep away from heat and direct sunlight.

Ensure good ventilation/ exhaust at the workplace.

Prevent formation of aerosols.

Avoid contact with eyes and skin.

· Information about fire- and explosion protection:

Keep ignition sources away- Do not smoke.

Normal measures for preventive fire protection.

7.2 Conditions for safe storage, including any incompatibilities

· Requirements to be met by storerooms and receptacles: Store in a cool location.

· Information about storage in one common storage facility:

Store away from foodstuffs.

Store away from flammable substances.

Do not store together with oxidising and acidic materials.

· Further information about storage conditions: Store in cool, dry conditions in well sealed receptacles.

7.3 Specific end use(s) No further relevant information available.

8. Exposure Controls/Personal Protection

8.1 Control parameters

- DNELs: Data not available.
- PNECs: Data not available.

8.2 Exposure controls

Based on the compositions show in Section 3, the following measures are suggested for occupational safety measure.

- Exposition Limit Values: Not available.
- Measurement methods: Not available.
- Exposure Controls
- Technical measures: Not necessary, no exposition expected.
- Personal protective equipment
- Hand protection: Protection gloves are not required commonly, on permanent skin contact gloves for low mechanic and substantial stress are enough.
- Skin protection: Skin protection products are not as effective as protection gloves, so suitable protection gloves should be preferred if possible. If protection gloves can not be worn apply water insoluble skin protection substances to clean skin before start of work and after each break and thoroughly embrocate. Before break and at end of work skin cleaning with water and soap is necessary. After cleaning fatty skin care products should be applied.
- General safety and hygiene measures: On using do not eat, drink or smoke. Avoid aspiration of dust. Change contaminated clothes and don't reuse until cleaned.

9. Physical and Chemical Properties

9.1 Information on basic physical and chemical properties

- General Information
- Appearance:
Form: Liquid
Colour : Gold, Silver, Red, Green, Blue
- Odour: Odourless to mild
- Odour threshold : Data not available.
- pH-value : 8.0~9.0
- Melting Point : Data not available.
- Flash point : Not applicable.
- Boiling point : 100°C
- Flammability(solid, gas): Not applicable.
- Self ignition temperature: Data not available.
- Explosion limits : Data not available.
- Density : Data not available.
- Relative density : Data not available.
- Vapour density : Data not available.
- Solubility in /miscibility with
Water : soluble in water.
- Viscosity:
Dynamic : 7.5~9.1 mPas

9.2 Other Information : No further relevant information available.

10. Stability and reactivity

- 10.1 Reactivity : No decomposition if used according to specifications.
- 10.2 Chemical Stability : Stable
- 10.3 Possibility of hazardous reactions : No dangerous reactions known.
- 10.4 Conditions to avoid : Not data available.
- 10.5 Incompatible materials : Not data available.
- 10.6 Hazardous decomposition products : Not data available.

11. Toxicological information

11.1 Information on toxicological effects

- *Acute toxicity Based on available data, the classification criteria are not met.
- *Skin corrosion/ irritation Based on available data, the classification criteria are not met.
- *Serious eye damage/ irritation Based on available data, the classification criteria are not met.
- *Respiratory or skin sensitisation Based on available data, the classification criteria are not met.
- *Reproductive toxicity Based on available data, the classification criteria are not met.
- *STOT- single exposure Based on available data, the classification criteria are not met.
- *STOT- repeated exposure Based on available data, the classification criteria are not met.

12. Ecological information

12.1 Toxicity

- *Aquatic toxicity: No further relevant information available.

12.2 Persistence and degradability : No further relevant information available.

12.3 Bioaccumulation potential : No further relevant information available.

12.4 Mobility in soil : No further relevant information available.

12.5 Results of PBT and vPvB assessment

- *PBT : Not applicable.

- *vPvB: Not applicable.

12.6 Endocrine disrupting properties

The product does not contain substances with endocrine disrupting properties.

12.7 Other adverse effects

Remark: Harmful to fish.

Additional ecological information:

General notes:

Water hazard class 3 (Self-assessment): extremely hazardous for water

Do not allow product to reach ground water, water course or sewage system, even in small quantities.

Danger to drinking water if even extremely small quantities leak into the ground.

13. Disposal considerations

13.1 Waste treatment methods

- *Recommendation: Smaller quantities can be disposed of with household waste.

- *Uncleaned packaging

- *Recommendation: Disposal must be made according to official regulations.

14. Transport information

14.1 UN-Number

- *ADR/RID/AND,IMDG,IATA : Not applicable.

14.2 UN proper shipping name

- *ADR/RID/AND,IMDG,IATA : Not applicable.

14.3 Transport hazard class

- *ADR/RID/AND,IMDG,IATA

- *Class : Not applicable.

14.4 Packing group

- *ADR/RID/AND,IMDG,IATA : Not applicable.

14.5 Environmental hazards : Not applicable.

14.6 Special precautions for user : Not applicable.

14.7 Transport in bulk according to Annex II of Marpol and the IBC Code : Not applicable.

14.8 Transport/ Additional information: Not dangerous according to the above specifications

15. Regulatory information

15.1 Safety, health and environmental regulations/ legislation specific for the substance or mixture

*Directive 2012/18/EU

*Named dangerous substances – ANNEX I None of the ingredients is listed.

*National regulations:

*Water hazard class : Water hazard classI(self-assessment): slightly hazardous for water.

*SVHC Candidate List of REACH Regulation Annex XIV authorisation (12/1/2017)

None of the ingredients is listed.

*REACH Regulation Annex XVII Restriction(3/2/2017)

None of the ingredients is listed.

15.2 Chemical safety assessment : A Chemical safety assessment has not been carried out.

16. Other information

The contents and format of this SDS are in accordance with Regulation (EC) No 1907/2006, 1272/2008 and Regulation(EU) No 2015/830

* The information in this document is based on our current know kedge and is intended to describe the product for the purposes of health, safety, and environmental requirements only.

* It should not therefore be construed as guaranteeing any specific property of the product.

* Relevant phrases

H226 : Flammable liquid and vapour.

H228 : Flammable solid.

H336: May cause drowsiness or dizziness.

H315: Causes skin irritation

H318: Causes serious eye damage

H400: Very toxic to aquatic life

H301: Toxic if swallowed.

H314: Causes severs skin burns and eye damage.

* Abbreviations and acronyms:

ADR : Accord europeen surle transport des marchandises par Route (European Agreement concerning the International carriage of Dangerous Goods by Road)

IMDG : International Maritime Code for Dangerous Goods

IATA : International Air Transport Association

CAS : Chemical Abstracts Service

PBT : Persistent, Bioaccumulation and Toxic

vPvB: Very Persistent and very Bioaccumulation

Flam. Sol.2 : Flammable silids— Category 2

Aquatic Acute 1: Hazardous to the aquatic environment — acute aquatic hazard - Category 1

Aquatic Chronic 2: Hazardous to the aquatic environment — long-term aquatic hazard -Category 2
