“I've always wanted to be a lawyer.
I enjoy learning and knowing people's
stories and helping to find legal solutions
that fit well with their lives.”

Get to know Amanda

01 My clients describe me as

Empathetic, willing to listen,
balanced. I'm not afraid to tell
my clients the truth, even
if I know it may not be
something they want to hear.

02 My favorite part of being a lawyer

Working on adoptions. My first
case as an attorney was a step-
parent adoption and the joy that
was on that little girl's face was
indescribable.

03 When I'm not practicing law

I enjoy reading, traveling, and
musical theatre.
