“I decided to become a lawyer in order to instill faith in the legal system. To uphold the notions and values of fairness and justice. To help the vulnerable. To help the oppressed. To help those in the right stand up and get what they truly deserve. What I like most about being a lawyer is that I can make a positive impact on society and my community, by truly making a difference.”

Get to know Jacquelyn

01 My clients describe me as

Resourceful, creative, detail oriented, always up for a challenge

02 My favorite moment as a lawyer

Crying and hugging my client after a big trial win where the safety of her children was concerned.

03 When I’m not practicing law

You can find me on a beach or whipping up something tasty in the kitchen. I love to cook and try all international cuisines. I also love spending time with my two year old son. And I love to travel all over the world as I have been to over 90 countries thus far.
