Brook, Political
Science

New York
Law School

“I believe in civilized dispute resolution and the intrinsic value of law and justice. I enjoy helping clients resolve their current issues so that they can move on to their next life or business adventure.”

Get to know Alisa

01 My clients describe me as

Personable, relatable, compassionate, well reasoned, focused on solutions, dedicated and hard working.

02 Why I picked family law

It s the area of law where one can most help clients transform into a happier, more fulfilled version of themselves.

03 My favorite part of being a lawyer

Whenever I help restore a child to his/her parent from whom they were improperly withheld for an extended time period by a disgruntled ex.

04 When I m not practicing law

I’m spending time with my daughter, walking/hiking/ rollerblading, reading, being with close friends, on the beach or on my Peloton.
