

# Meet Tawni Cummings

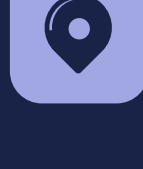

Family Law

Licensed in  
**Colorado**

Practicing since  
**1996**

Practicing in  
**Colorado**

## Education

WASHINGTON STATE  
UNIVERSITY

Washington State  
University, Political  
Science/Pre Law  
major and English  
minor

UNIVERSITY of  
DENVER

University of  
Denver Law School

“I love helping people. I wanted to spend my career making a difference. And I also love learning. Focusing on family law has afforded me the opportunity to learn about so many things outside of the law: my clients' vocations, financial issues, business matters, medical issues, mental health, and children's issues, to name a few.”

## Get to know Tawni

**01** My clients describe me as  
**Calming**

**02** My mentor is  
**Eleanor Roosevelt**

**03** A fun fact about me  
I lived in a very rural part of South Korea as a child. It was far different back then, and not yet a developed country. This experience impacted me in enormous ways. I appreciate other cultures, and the many privileges we have in the United States as a result of my time in Korea. I think this experience was one of the primary reasons I decided to become an attorney, so I can help others, and effect positive change.

**04** When I’m not practicing law  
You can find me spending time with my kids and dogs, enjoying nature and watching football. I also love being on the water: boating, paddle boarding, or just looking out at the water are the most calming activities. (This is a little ironic, given I live in landlocked Colorado!)
