“My parents divorced when I was young. I have also been divorced. As a result of both, I have personally experienced the end of a relationship as both a child and a spouse. I have represented both men and women, so I know the mindset of both when going through this process, as well as the stress and emotions that arise as a result.”

Get to know Banda

01 My clients describe me as

Hands on and accessible. We work together as a team to try to find the best resolution possible and to accomplish the goal as quickly, efficiently and economically as possible.

02 My favorite moment as a lawyer

When I receive a thank you from my clients for standing by them and supporting them through one of the most stressful situations of their lives with dignity and diplomacy.

04 Something that may surprise you about me

I used to live on a farm and showed sheep and cattle in 4-H.

04 When I’m not practicing law

I’m running, exercising, and taking trips to the mountains with my husband and dogs.
