Boston Arts Academy is the city's only public school for the visual and performing arts. Boston Arts Academy Foundation has launched a campaign to help the Class of 2022 finish the year strong, celebrate their success, and prepare for an exciting future.

The Class of 2022 has dealt with three complicated years, missing important milestones and experiencing significant change to their scheduling due to the COVID-19 pandemic. Many diverse and talented students have also cared for siblings or sick family members while working additional hours outside the home to support their families. **Nevertheless, they have persevered, and many are poised to become college students, some even first-generation. While many members of the Class of 2022 have been accepted to college, most lack basic resources needed for future success.**

Boston Arts Academy Foundation invites you to support students in the following ways:

- Support general student needs with a gift of any size
- Create a named scholarship with a donation of \$1,000 or more
- Establish an ongoing, multi-year named scholarship fund with your donation of \$2,500 or more

Your donations will help ensure that BAA's talented, hard-working, creative leaders continue to thrive in college and beyond!
