

Living Lean: Supply Chain Solutions FCL & P2P

Reduce freight and handling costs of wear parts and gain a lower purchasing price with direct deliveries.

By applying lean methods to the supply chain, we can remove the middleman (DC) and bring wear parts directly to the distributor or end customer.

Parts are exactly the same but delivered straight from the manufacturing facility.

- Direct deliveries (FCL & P2P)
- Lean supply chain
- Lower purchasing price
