

## Smart Disposables - SmartBag

### SmartBag Monolayer and Multilayer for TPN-Compounding

#### Description

The SmartBag is our mixing and infusion bag. It is made of high-quality EVA for TPN compounding and is available in sizes from 150 ml up to 5000 ml. The bags are also 100% compatible for use on the TPN Exactamix Compounder. The bags are also available in multilayer material with integrated barrier against oxygen, carbon dioxide and UV-light. In addition 3- or 6-spiked bags, with or without filter, are available for manual filling.
