Safety & Compliance

Thank you for purchasing the Hable One™ product (the Product). With this document we aim to inform you about the safety, compliance, and warranty aspects of the Product.

Important Safety Instructions

General warnings

Read, keep, and follow these instructions.
Heed all warnings.
Do not use the Product near water. This can result in a risk of fire or electric shock.
Substances in the Product and its battery may harm the environment or cause injury if handled and disposed of improperly.
Clean only with a dry cloth. Do not use abrasive cleaners.
Do not block any ventilation openings.
Do not use or dispose of the Product at any heat sources, such as radiators, stoves and other apparatus that produce heat. Turn off the product when it feels warm or hot.
Only use attachments/accessories specified by Hable or sold with the Product (such as a USB-C cable).
Refer all servicing to qualified service personnel. Do not open the Product yourself. Servicing is required when the Product has been damaged in any way, e.g. when the charging port is defective or when liquid is spilled over the Product.
The Product may not be used by persons under the age of 8.
Long periods of repetitive motion using the Product may be associated with nerve, tendon or muscle injury in your hands, wrists, arms, shoulders, neck or back. See a qualified health professional for pain, numbness, weakness, swelling, burning, cramping, stiffness or any other medical discomfort that may occur when using the Product.

Specific battery warning

Do not attempt to replace the battery or open the enclosure or disassemble the Product yourself. Doing so will void the warranty and can result in a safety hazard. If the Product is no longer charging, please contact Hable Customer Support for repair or replacement information.

Disposal and Recycling information

Due to the battery incorporated in the Product, the Product may not be disposed with ordinary household waste.
