

Early Learning Center and Lower Division Sample Schedules

At Avenues, our students have fulfilling, engaging days in which they are both learning and having fun doing so. Our curriculum is expertly crafted by our world-class faculty, adapting to student interests, while teaching the necessary material to ensure academic growth.

Starting in our Early Learning Center (toddler-kindergarten) through Lower Division (Grades 1-5), students learn in both English and their target language, Spanish or Mandarin Chinese. Our curriculum is specifically designed to follow this format. Literacy, math and World Course (our interdisciplinary global studies program that spirals from Small World-Grade 12) are taught in both languages while specialty classes such as science, music, Wellness and Movement (WAM), art and library are taught in either English, the target language or both.

Here, you can find simple, sample schedules. Our days also incorporate service learning through Avenues Community Engagement, assemblies, guest speakers, authors, and more!
