

How to Apply for Financial Aid

The Application Process

Avenues has partnered with Clarity Tuition in our financial aid process for the 2026–27 academic year. Clarity offers a streamlined platform for families to share secure financial information, and for Avenues to assess a family's demonstrated financial need. Our goal is to make the process as easy as possible for your family. Most families can complete the Clarity application in less than 30 minutes. It is mobile-friendly, your 1040 and W2 will automatically be transferred from the IRS. The application does not need to be completed in a single sitting; you can always save your progress and return later.

Avenues will communicate our financial aid decision to you. To make our decision, we use the information from the Clarity application as a starting point but also consider our school policy, practices, and available budget. To review Avenues financial aid policy, please visit our website.
