

TM-414 Time Clock

Cloud-connected Time & Attendance. Made Affordable.

The TM-414 connects your workplace to TimeMoto Cloud, making work time registration simple, accurate and compliant.

For small teams, the TM-414 makes it easy to move from manual time tracking to centralised Time & Attendance that grows with your business.

More Than a Time Clock

The TM-414 connects to TimeMoto Cloud, our Cloud Software, giving businesses a central place to manage work time, attendance, schedules, overtime, and payroll-ready records.

Together, the clock and TimeMoto Cloud provide a complete Time & Attendance solution, without enterprise-level complexity.
