

# Family Art Activity

## Make your own Doodle Book

- Take a piece of paper and draw a doodle line all over it
- Fold your paper in half, in half again, then again to make rectangles on the paper
- Unfold the paper, refold in half lengthwise
- Cut between the 2 marks
- Push the opposite ends to make a diamond, then a cross shape
- Bring all the pages to the front to make a small booklet
- Each page will have some of your doodle on. Add more of your own doodles and colours
