

Family Art Activity

You will need:

- Two pieces of cardboard, about 15cms x 21cms each (the card from an old cereal packet would be good)
- Four or five sheets of plain A4 paper
- An elastic band
- A stick approx 15cms long
- A hole punch

Make yourself a summer scrap book

1. Cut your paper in half to make a bundle of paper sheets
2. Now stack your bundle of paper with a piece of card on the top and one at the bottom
3. Now hole-punch your bundle of paper and card covers on the shorter end
4. Carefully push the elastic band through the top hole, through all the papers, take it along the back card to the bottom hole and push it back through. You might need to try a couple of elastic bands to get the right size
5. Slide the stick through the loop of elastic at the top and the bottom to hold the elastic band securely

Now you have made your scrapbook now you just have to fill it up!

Tip

It's very easy to add in new pages, or take out old ones with this binding. You can then organise your pictures in any order.
