

# The future of Payroll, Human Resources, and Time Management.

Payescape is one of the UK's fastest growing Payroll, HR and Time Management providers. Our cloud-based technology coupled with world-class customer service is revolutionising how businesses today manage their employees. Our automation of labour-intensive payroll and people management tasks is freeing up businesses to focus on their core strengths and adding real value to their business.

Payescape removes the administrative burden from your workload and delivers simple, effective, and reliable online Payroll, HR and Time Management solutions. With hundreds of satisfied customers throughout the UK, we understand the intricacies of payroll and HR legislation, so you don't have to. And our dedicated team of CIPP and CIPD certified professionals are always on hand to provide the expert support you need when you need it.

## Our Solutions:

### Payroll Solution

Using our cloud-based software we manage all aspects of your payroll process. From calculating your payroll taxes and filing with HMRC to managing all components of auto enrolment and so much more. Whether it's reimbursement or pre-tax benefits we've got it covered.

Our employee self service provides staff with access to payslips, tax details and ability to update personal details. And because it's all cloud-based you can access your payroll information and detailed reports anytime, anywhere.

### HR Solution

Our HR platform lets you manage all aspects of your HR administration. You can approve and monitor holiday, record working time and calculate wages, allocate time and staff expenses to clients, projects, and activities, and much more.

Have confidence managing complex employment issues by utilising our HR Consultancy Service. Our CIPD certified professionals can provide all aspects of HR advice, document templates and help implement compliant processes.

## Time and Attendance Solution

Our Time and Attendance software powered by UKG includes the latest technology and tools to keep your employee time and attendance streamlined and simple. Coupled with powerful reporting tools it greatly enhances your management analysis while minimising overpayments and compliance risk.

With the latest data capture and biometric technology we can provide a variety of data capture options from PC, mobile, facial recognition, mag-card swipe and many more.
