# Moncher
manual

puzzle

Assemble the leg parts together using the
hex key (supplied) as shown in the diagram.

Slide the tray from the front to the
bottom as shown in the diagram.

Use the screw provided to secure the tray
using the hex key (supplied).

Use the storage box under the tray to store
notebooks, pens or makeup.

Remove the storage box if you want to use your laptop in
docking station mode and use the various holes as cable ducts.
