

See images, barcodes and articles of affected products

These products were sold online and in stores between May 2025 and February 2026

We have identified a safety and non-compliance issue with the doorstops. The sand sealed within the product may be contaminated with a small quantity of asbestos. Asbestos is a banned substance because it poses a risk to health even at low levels of exposure.

What you should do;

- If you've bought an affected product, please stop using it immediately. Instead, follow the instructions below for details on how to dispose of the product and get a refund.
- If the product is undamaged, place it in a heavy-duty plastic bag and double-tape it securely.
- If the product is damaged and the sand inside is accessible, gather the sand using wet cloths to avoid generating dust. Wear gloves and a mask. Double-bag the sand and the rest of the product in a heavy-duty plastic bag, double tape it securely, along with the gloves, mask and cloths.
- Keep people away from areas where any sand has been spilt until the area has been cleaned.
- Dispose of the sealed bag containing the product and materials in your general household waste or return it to any Dunelm store for a full refund.

The safety of our customers is very important to us, and we apologise for any inconvenience caused.
