

## Statement from the management board

# ENGEL speaks out against participation in Fakuma 2020

Schwertberg/Austria – July 2020

**ENGEL will not actively participate in the Fakuma in the usual manner this year. The board of management made this decision considering the unforeseeable further development of the Corona pandemic.**

We bear responsibility for the health and safety of both our employees and our booth visitors. Even with a strict hygiene concept and a limited number of trade fair visitors per day, we cannot rule out the risk of infection with Covid-19.

For ENGEL, Fakuma is a very important innovation trade fair and of great importance for the interaction with our customers, interested parties and partners. The decision is extremely difficult but protecting the health of each individual is our highest priority.

Even without an active participation at the trade fair, we are of course available to our customers at any time. We will be presenting ENGEL innovations this autumn of 2020 in other, individual ways.

We are looking forward to a reunion in the familiar atmosphere of Friedrichshafen next year.

### ENGEL AUSTRIA GmbH

ENGEL is one of the global leaders in the manufacture of plastics processing machines. Today, the ENGEL Group offers a full range of technology modules for plastics processing as a single source supplier: injection moulding machines for thermoplastics and elastomers together with automation, with individual components also being competitive and successful in the market. With nine production plants in Europe, North America and Asia (China and Korea), and subsidiaries and representatives in more than 85 countries, ENGEL offers its customers the excellent global support they need to compete and succeed with new technologies and leading-edge production systems.
