Migrations

PSIcapture ECM/DMS Migrations

INTEGRATE YOUR CAPTURE SOLUTION WITH AN ECM/DMS SYSTEM

PSIcapture provides a powerful capture onramp for just about any Document Management or Enterprise Content Management (ECM) System. All of our migrations are supported and maintained by our development staff to provide a seamless solution from end to end. Along with 60+ application-specific Migrations, PSIcapture also provides generic output formats, including ASCII, XML, Database and Network Folder Output.

All currently supported Migrations are listed below:
