HOW TO CREATE TEAM ON FACEIT.COM

First of all, you need to add all your teammates to the friends list:

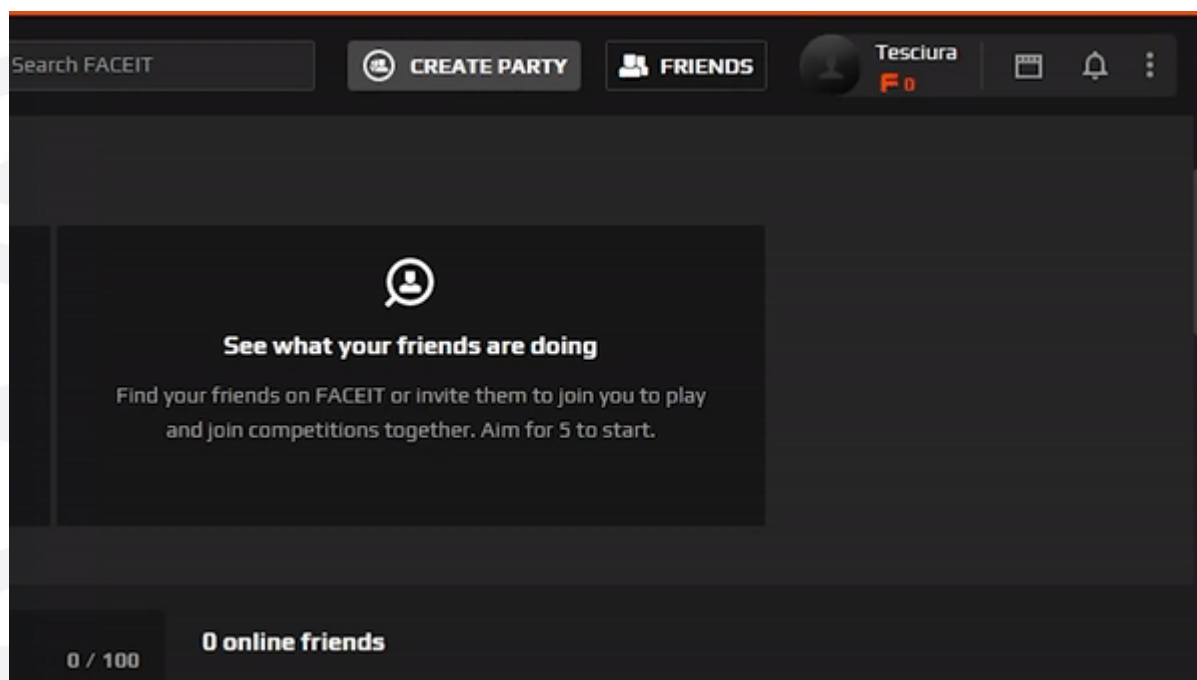

After that you can start creating your team:

They will have to accept the invitation by clicking on BELL icon (notifications):

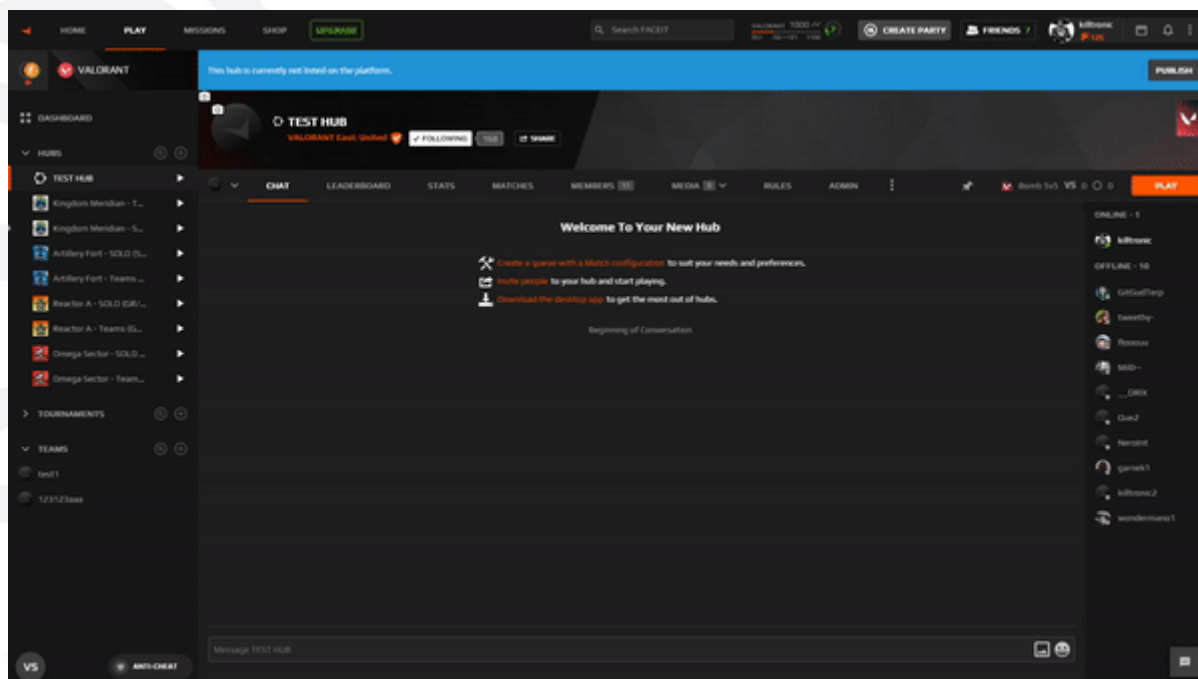

If any of your teammates doesn't see the notification about team invite - just send them a direct link to the team page. They will see a direct join button.

If you have all of your teammates in a team and also in a specific hub for your region, you can start searching opponents in que.

HOW TO JOIN TO THE TEAM HUB QUE:

Go to the hub page and click **PLAY**. After that choose your team name from the list. Then you need to pick which players will take part in the upcoming match.

From now on, all that's left is to wait for another team to join the queue!
