FINAL REPORT RELATIVE TO PROPOSED AMENDMENT OF ADMINISTRATIVE RULES GOVERNING PHYSICIAN LICENSURE AND CERTIFICATION; FELLOWSHIP TRAINING PERMIT—(LAC 46:XLV.405E and 411L)
(La. Rev. Stat. §49:968(D))

By The

Submitted To The

COMMITTEE ON HEALTH AND WELFARE,
LOUISIANA SENATE,

COMMITTEE ON HEALTH AND WELFARE,
LOUISIANA HOUSE OF REPRESENTATIVES,

PRESIDENT OF THE SENATE

And

SPEAKER OF THE HOUSE OF REPRESENTATIVES

August 28, 2019
This Report is respectfully submitted by the Louisiana State Board of Medical Examiners (the "Board"), within the Department of Health and Hospitals, pursuant to La. Rev. Stat. §49:968(D).

By Notice of Intent published in the April 20, 2019 edition of the Louisiana Register, Vol. 45, No. 04, pp. 594-596, the Board proposed to amend its administrative rules governing physician licensure and certification, LAC Title 46:XLV, Subpart 2 (Licensure and Certification), Chapter 3 (Physicians), Subchapter H (Restricted Licensure, Permits), Sections 405 (Short-Term Residency Permit) and 411 (Graduate Education Temporary Permit).

The proposed amendments provide for a permit that would accommodate fellowship (e.g., post-residency) training which is not accredited by the American Council on Graduate Medical Education (ACGME) of the American Medical Association, the American Osteopathic Association (AOA) or the Commission on Dental Accreditation (CODA) of the American Dental Association. Permit eligibility requires completion of an accredited residency training program in the same specialty as the fellowship (405E.1.a; 411L.1.a), possession of all qualifications for licensure (405E.1.b; 411L.1.b), completion of the application process, payment of the applicable fee and submission of the required documentation from the program (405E.2; 411L.2). The permit holder may only practice medicine within the training program (405E.3; 411L.3). The duration of the permit is for 12 months (405E.4; 411L.4), may be renewed once (405E.5; 411L.5) and is subject to revocation for violation of the Louisiana Medical Practice Act or upon a finding that the permittee did not maintain/possess the requisite qualifications or exceeded the scope of authority of the permit (405E.6, 411L.6).

The Board anticipates that the permit will be beneficial to physicians who may receive such training, and the medical institutions that offer such programs, by facilitating medical education, training and/or retraining of fellows in emerging medical fields for which there is no current
pathway to ACGME, AOA or CODA accreditation. It is also anticipated that the additional training received by such physicians will improve the quality of healthcare delivered to the citizens of this state.

Concurrently with submission of the Notice of Intent to the Register, in accordance with La. Rev. Stat. §40:968, the Board submitted a Report on the proposed rule amendments to the Senate and House Committees on Health and Welfare, the President of the Senate and the Speaker of the House of Representatives. Following publication of Notice of Intent, the Board did not receive any written comments or a request for public hearing during the comment period provided by La. Rev. Stat. §49:953.

This Report, submitted by the Board pursuant to and as prescribed by La. Rev. Stat. §49:968(D), includes as Appendix A copies of: (i) an email from the Occupational Licensing Review Commission concerning the proposed rule amendments; and (ii) the Notice of Intent containing the full text of the proposed amendments previously published in the April 20, 2019 edition of the Louisiana Register, which the Board intends to adopt and formally promulgate in the identical form as was previously published by and upon publication in the Louisiana Register.

Dr. Culotta & Ms. Arceneaux -

We are in receipt of your transmittal letter regarding second reports to the Commission for proposed
adoption of rules amendments governing physician licensure and therapeutic marijuana. Given that no
changes were made after publication of notice of intent with respect to both rule changes, these rule
changes do not require a second review by the Occupational Licensing Review Commission. There is no
need to place these items on Thursday’s meeting agenda. Please let me know if you have any additional
questions or concerns.

FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES

RULE TITLE: Physician Licensure and Certification; Fellowship Training Permit

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

The proposed rule changes will result in a one-time publication expense totaling $865 in FY 19-20 for the LA State Board of Medical Examiners (LSBME) to publish the rule changes in the Louisiana Register. Otherwise, the proposed rule changes are not anticipated to result in any additional costs for state or local governmental units.

The proposed rule changes amend the LSBME’s administrative rules to provide a fellowship (e.g., post-residency) training permit for training that is not accredited by the American Council on Graduate Medical Education (ACGME) of the American Medical Association, the American Osteopathic Association (AOA) or the Commission on Dental Accreditation (CODA) of the American Dental Association.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed rule changes will increase SGR collections for the LSBME by an indeterminable amount beginning in FY 19 and in subsequent fiscal years. The fee for a temporary permit under the board’s current rules is $100 for initial issuance and $100 for a one-time, 12-month renewal. The board does not anticipate more than 15-20 total applicants per year for the proposed permit, which will generate an estimated $1,500 - $2,000 (15-20 permits * $100 per permit) annually. However, revenues associated with these permits are indeterminable and depend upon the number of applicants annually. Furthermore, to the extent permits are renewed, the LSBME may realize an additional $100 per permit renewal.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

The proposed rule changes benefit physicians by outlining requirements and allowing for training that is not accredited by the American Council on Graduate Medical Education (ACGME) of the American Medical Association, the American Osteopathic Association (AOA) or the Commission on Dental Accreditation (CODA) of the American Dental Association. The proposed permit is anticipated to be beneficial to physicians who may receive such training, and the medical institutions that offer such programs, by facilitating medical education, training, and retraining of fellows in emerging medical fields for which there is no current pathway to ACGME, AOA or CODA accreditation. It is also anticipated that the additional training received by such physicians will improve the quality of healthcare delivery in Louisiana.

In order to be eligible for a permit the applicant must have completed an accredited residency training program in the same specialty as the fellowship, possess all qualifications for licensure, submit an application to the board and pay the applicable $100 permit fee. The permit holder may only practice medicine or receive medical education or training within the training program. The duration of the permit is for 12 months, may be renewed one time with an accompanying fee of $100, and is subject to revocation for violation of the Medical Practice Act or the LSBME’s rules.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

There is no anticipated effect on competition or employment associated with the proposed rule changes.
