RE: 2ND Report regarding Proposed Rules governing: MEDICAL PROFESSIONS; LICENSURE AND CERTIFICATION; PODIATRISTS; REQUIREMENTS AND QUALIFICATIONS FOR LICENSURE, SCOPE OF PRACTICE (LAC 46:XLV.1307)

Dear Sirs:

Pursuant to La. Rev. Stat. §49:968(D), please accept this letter as the second report to the legislature on the Louisiana State Board of Medical Examiners’ proposed amendments to its administrative rules governing licensure and certification of podiatrists.

As indicated in the First Report to your office, dated October 13, 2020, the Board’s proposed new rule provides qualifying rules regarding those podiatrists certified in advanced practice independently taking a complete pre-operative history and physicals, and replaces several prior rules.

The Occupational Licensing Review Commission (OLRC) approved the proposed rules at its July 2020 meeting. Subsequent to the publication of our Notice of Intent in the October 2020 Louisiana Register, we conducted a public hearing on November 24, 2020 to receive comments and testimony on the proposed amendment. We received no comments or testimony on the proposed rule changes. During its meeting on December 14, 2020, the Board considered the lack of substantive comments and determined that no changes were necessary to the proposed rule. The Occupational Licensing Review Commission approved the
continuation of the promulgation process during their March 25, 2021 meeting. In connection with this regulatory project, you should find the following documents in this package:

- OLRC Resolution indicating approval of the proposed rules/amendments at the July 23, 2020 meeting and OLRC Resolution indicating final review and approval at the March 25, 2021 meeting;
- Notice of Intent published in the October 2020 Louisiana Register;
- Full text of the proposed rule; and,
- Transcript and Record of the November 24, 2020 Public Hearing.

Subject to the review of the Joint Legislative Oversight Committee on Health and Welfare, the Board proposes to publish the original proposal without amendment as a Rule in the June 2021 edition of the Louisiana Register with an immediate effective date. If you have any questions about the enclosed information or our procedures, please contact me at vculotta@lsbme.la.gov or 504-568-1079.

Sincerely,

RULE TITLE: Licensure and Certification

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)
Notice is hereby given that in accordance with the Louisiana Administrative Procedure Act, R.S. 49:950 et seq., and pursuant to the authority vested in the Louisiana State Board of Medical Examiners (board) by the Louisiana Medical Practice Act, R.S. 37:1270, the board proposes to amend its rules governing the taking of a complete history and physical by a podiatrist certified for advanced practice to permit independent performance of same for the purpose of pre-operative evaluation and diagnosis prior to a podiatric procedure that the advance practice podiatrist is authorized to perform under the scope of his/her license and where the practitioner has two or more years of post-graduate training.

The proposed changes will result in a one-time publication expense estimated at $789.00, in FY 20 for the Louisiana State Board of Medical Examiners (LSBME). Otherwise, there is no anticipated impact on the LSBME or any state or local governmental unit, inclusive of adjustments in workload and paperwork requirements.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The new rule provides qualifying rules regarding those podiatrists certified in advanced practice independently taking a complete pre-operative history and physical, and replaces several prior rules. Accordingly, there is no anticipated effect on the revenue collections of the LSBME or other state or local governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS, SMALL BUSINESSES, OR NONGOVERNMENTAL GROUPS (Summary)

It is not anticipated that the proposed amendments will have a material effect on costs, paperwork or workload of physicians or other health care providers licensed by the LSBME, nor on receipts and/or income of licensees, small businesses, or non-governmental groups. Allowing the history and physical to be done by certain advanced practice podiatrists should actually streamline the delivery of health care.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

It is not anticipated that the proposed changes will have any impact on competition or employment.

Re: Your November 5, 2020 Email

Dear Ms. Guidry:

I have the privilege of serving as the Executive Director to the Louisiana State Board of Medical Examiners (the “Board”). I am in receipt of your email of November 5, 2020 requesting information and/or records of the Board. You asked the following:

“With the governor allowing CRNAs to work independently for now, how does that affect them working with podiatrists? The anesthesiologist normally does the history and physical and signs the pre and post-op anesthesia orders.”

Please know, the current rules and laws regarding podiatry may be found on the Board’s website at www.lsbme.la.gov, click on “Laws” and then “Podiatry” for a copy of the Podiatry Practice Act, or, click on “Rules” and “Podiatrists,” under LAC 46XLV.1307. Likewise, the Physicians’ Practice Act may also be found on the Board’s website, www.lsbme.la.gov, by clicking on “Laws” and then “Physicians”, and/or you may find the rules applicable to physicians by clicking on “Rules” and “Physicians.”

These rules and laws are still in effect during the pandemic, and are applicable to the podiatrist, who based on your questions, would likely be the practitioner doing the procedure at issue as well as the anesthesiologist, who you detailed normally does the history and physicals along with pre and post-op anesthesia orders. The Board does not license or discipline certified nurse anesthetists (CRNAs), but podiatrists and anesthesiologists both fall within the scope of the Board and would be required to practice in accordance with their individual rules and practice acts.

Additionally, the Board is in the process of promulgating amendments to the rules applicable to advanced practice podiatrists doing histories and physicals prior to a procedure. You may find these proposed amendments by going to the Board’s website at www.lsbme.la.gov, click on “Rules” and then “Regulatory Process” and you will find the proposed rule amendments under

1 The Board is an agency of the State of Louisiana.
2020-3, “Notice of Intent”. Alternatively, you may also review them in the Louisiana Register, which may be found at https://www.doa.la.gov/Pages/osr/reg/registry.aspx, in the October 2020 edition, page 1421.

The Board is currently accepting public comments with regard to these rules through November 16, 2020. Interested persons may submit written data, views, arguments, information or comments on the proposed rule amendments to Jacintha Duthu, Executive Staff Officer, Louisiana State Board of Medical Examiners, 630 Camp Street, New Orleans, LA 70130, (504) 568-6820, Ex. 2290.

Alternatively, or in addition to, you are also invited to appear at the Board’s public hearing to be held at the Board’s office on November 24, 2020 at 9:00 a.m., where I will be present and the public comments will be recorded for the Board’s later review. Please be sure to notify us by November 16, 2020, if you intend to appear, as we may be conducting the meeting via Zoom due to the public health emergency.

We appreciate your interest in this topic and look forward to seeing you at the public hearing and/or reviewing any comments you wish to send to the Board via Ms. Duthu, as detailed above.

Sincerely,

LOUISIANA STATE BOARD
OF MEDICAL EXAMINERS

Vincent A. Culotta, Jr., M.D.
