Enclosure
FINAL REPORT: PROPOSED ADOPTION OF ADMINISTRATIVE
RULE AMENDMENTS GOVERNING LICENSURE
AND CERTIFICATION OF PODIATRISTS
(LAC 46:XLV.1307D)

By The

LOUISIANA STATE
BOARD OF MEDICAL EXAMINERS

Submitted To The

COMMITTEE ON HEALTH AND WELFARE,
LOUISIANA SENATE,

COMMITTEE ON HEALTH AND WELFARE,
LOUISIANA HOUSE OF REPRESENTATIVES,

PRESIDENT OF THE SENATE

And

SPEAKER OF THE HOUSE OF REPRESENTATIVES

July 29, 2016
This Report is respectfully submitted by the Louisiana State Board of Medical Examiners (the “Board”), within the Department of Health and Hospitals, pursuant to La. Rev. Stat. §49:968(D).

By Notice of Intent published in the June 20, 2016, edition of the Louisiana Register, Vol. 42, No. 6, pp. 936-937, the Board proposed to amend its rules governing licensure and certification of podiatrists, LAC Title 46:XLV, Subpart 2 (Licensure and Certification), Chapter 13 (Podiatrists), Subchapter B. (Qualifications for Certification for Advanced Practice, Scope of Practice), Section 1307D. (Qualifications for Certification for Advanced Practice; Scope of Practice).

The proposed amendments change the qualifications needed by podiatrists for advanced practice certification by the Board for the surgical treatment of the ankle. Currently, the rules require completion of a surgical residency approved by the Council on Podiatric Medical Education of the American Podiatric Medical Association consisting of: either a two (2) year Podiatric Surgery Residency (PSR 24) or a three year Podiatric Medicine and Surgery (PM&S 36) program and provide that the podiatrist hold certification status by the American Board of Podiatric Surgery (ABPS) as board certified: (i) in reconstructive rear foot/ankle surgery (RRA) or (ii) in foot surgery and be board qualified in RRA. The proposed changes will maintain the board certification/qualification requirement for those who have completed a PSR 24 residency training program but eliminate it for those who have completed a three (3) year (PSR 36) or PM&S 36 residency program. The rules also reflect a name change in certifying surgical board within podiatry from the American Board of Podiatric Surgery to the American Board of Foot and Ankle Surgery.

Concurrently with submission of the Notice of Intent to the Register, in accordance with La. Rev. Stat. §40:968, the Board submitted a Report on the proposed changes to the Senate and House Committees on Health and Welfare, the President of the Senate and the Speaker of the House of Representatives. Following publication of Notice of Intent the Board did not receive a

request for public hearing nor did it receive any written comments on the proposed amendments from a single organization or individual during the comment period provided by La. Rev. Stat. §49:953.

This Report, submitted by the Board pursuant to and as prescribed by La. Rev. Stat. §49:968(D), includes as Appendix A, a photocopy of the Notice of Intent containing the full text of the proposed amendments that were previously published and appeared in the June 2016, edition of the Louisiana Register, which the Board has adopted as final rules and intends to formally promulgate in the identical form as was previously published by and upon publication in the September 20, 2016, edition of the Louisiana Register.

1. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)
   The estimated implementation cost for this rule is approximately $319 for the notice and rule publication cost. The proposed rule change is not anticipated to result in any additional costs or savings to the Board or any other state or local governmental unit. The proposed amendments remove the board certification prerequisite requirement for applicants who have completed three years of specified post-graduate residency training in order to be eligible to be certified in the
advanced practice designation by the Board for the surgical treatment of the ankle. The amendments also reflect a name change in the certifying board within podiatry from the American Board of Podiatric Surgery to the American Board of Foot and Ankle Surgery.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

There is no anticipated effect on the Board’s revenue collections or those of any other state or governmental unit.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

A podiatrist who completes a specified three (3) year residency training program will be favorably impacted by the amendment which removes the need for board certification as a prerequisite for certification in surgical treatment of the ankle by the Board. It is anticipated that there will be a minimal number of podiatrists that will be affected by the proposed amendments. Otherwise, the proposed amendments will not have a material effect on costs, paperwork, or workload of podiatrists or applicants.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

The proposed changes may serve to increase employment opportunities and competition in the market for podiatrists who qualify for surgical treatment of the ankle as a result of completing the proposed specified residency training.
