Conference Highlights – Outlook

The conference programme is developed during the course of the year, with the input of delegates and HR Directors to provide a programme that is relevant to the audience.

Opening Keynote Address

The Forum will be opened by Bernhard Heusler, an in Switzerland well known personality in sports and sport management. Over many years he was in the lead of a famous football club and created the most successful era in sports as well as in business aspects. Leading such a big team and integrating sport superstars with their individual spirit and managing a huge variety of individual attitudes is a big challenge he will feed his speech with. The opening Keynote Address will lead into the 1.5 day forum and drive the efficient speed of the mixture of networking, conference and meetings.

Keynote Addresses

will be developed with attending delegates during the year and will leave you motivated and inspired with new ideas to bring to your daily business. Two keynote addresses will be presented to the participants – global CHROs from international companies. Those will reflect the actual trends and developments as well as out-of the box thinking to be inspiring to everyone.

Conference

During the day inspirational presentations will be held and give you access to new ideas, trends, innovations and solutions to help take you and your company forward. The conference programme will consist of small group workshops, think-tanks and personal development sessions based on feedback from our attending delegates.

Round Table Discussions

Several round table discussions will be held with small numbers of senior professionals based on key themes and moderated by HR experts. All group sessions are led by CHROs, Directors and peers to give a high-level view of the industry, offering ideas and insights to help develop HR strategies and goals.

Supplier Presentations

All suppliers have the chance to submit a supplier presentation. Delegates will evaluate and choose those presentations of most interest and relevance to them. The highest-rated presentations will be included in the conference programme and will be detailed in the delegate itineraries.

“An inspiring event to get insights on what the main themes and key trends around people management are, as well as to meet peers across various industries.”
