Tobias Konz - new Managing Director of RUKO GmbH Präzisionswerkzeuge – dual leadership with Mohammed Anwar

Holzgerlingen, June 30, 2025 – RUKO GmbH Präzisionswerkzeuge, a medium-sized company in the machining and tool industry based in Holzgerlingen near Stuttgart, is reorganizing its management team: Tobias Konz will be appointed Managing Director as of October 1, 2025. He will take over the management of the company together with Mohammed Anwar.

In his new role as CEO, Tobias Konz will be responsible for the areas of production, purchasing, supply chain management, finance, quality and product development.

As Managing Director, Mohammed Anwar will focus on the areas of Sales, Marketing, Product Management, Human Resources and IT.

„I am looking forward to the new role and the trust that has been placed in me with my appointment to the management board. Since joining the company as head of sales at the beginning of 2024, I have experienced RUKO as a high-performing company with great potential. Our goal is to secure our long-term competitiveness with clear structures and a strong team. For me, the focus is on proximity to the customer and close, trusting

cooperation with our employees. The new dual leadership creates the right basis for this with a clear distribution of responsibilities and a joint focus on sustainable growth," explains Tobias Konz.

"With clearly defined responsibilities and areas of activity, we will powerfully drive the further development of RUKO. I look forward to actively shaping the future together with Tobias Konz and providing targeted impetus for the dynamic transformation. With strategic planning and creative approaches, we are striving to further expand RUKO's international opportunities for success and create sustainable value," adds Mohammed Anwar.

With around 200 employees, RUKO is one of the established specialists in the machining and tool industry. The new management structure forms the basis for sustainable growth and a long-term strengthening of competitiveness in Germany.

About the RUKO Group

Since it was founded in 1974, RUKO has stood for the highest precision and quality in the manufacture of drilling and cutting tools. With a clear focus on innovation and technological progress, the company has established a firm place for itself in the tool industry. Whether in industry, trade or specialized applications - RUKO's high-quality products are used worldwide and impress with their durability and performance.
