Build Your Network. Develop Professionally.

Agriculture Future of America is uniquely positioned through relationships with universities and agricultural and food businesses to connect you with the right people and resources.

When you engage with AFA, you will create a robust network and develop relevant knowledge to prepare for and connect you to opportunities to enhance your professional skills and career.

Agriculture Future of America

- Networking
- Professional Coaching
- Industry Overviews
- Leader Development
- Scholarships

AFA Leader Development

AFA Leader Fellowship™

Partner with an industry coach to provide practice and application in leader competencies that are fundamental to academic, career and personal success.

Collaborating with your coach to discover the insights from your academic, volunteer and work experiences deepens your reflective and analytical skills and will continue to serve you as a life-long learner.
