

AFA Fellowship Development Plan (Goals)  
A student that is willing to share

**Biggest Area of Improvement: Interpersonal Communication**

- Learn about body language and how to improve on non-verbal communication.
- Prepare communications that will be direct to a diverse audience.
- Keep a journal of what did and didn't work for the day. Review the journal frequently to act upon trends.

**Diversity and Inclusion:**

- Become involved with an organization with will help me interact with diverse crowds.
- Stay up to date on the latest agriculture news to understand current events affecting other production areas outside of row crops and cattle.
- Visit another country to emerge myself in their culture.

**Innovation and Team Leadership**

- Develop and execute an event that will bring together a diverse audience.

**Time Management:**

- Work on making a to-do list with most important tasks at top and ensure that to most important topics are completed first.

**Self Exploration:**

- Create a budget that will prepare me for college.
- Work out and get healthy both mentally and physically, especially during challenging times
- Start saving for retirement (Roth IRA)
- Prepare for graduate school through taking cross-posted classes.
