# Bloom's

For the night owls, there's Bloom's — a decadent cocktail lounge for saints and sinners alike with inspired cocktails. Bloom's blossoms as a stylish combination of the Art Deco glamour of the 1920s with irreverent revamps of the 70s and 80s. The result is a decadent reimagining of glitz and grime, where dreams are sublimated and angels and sinners find communion under carousel lights. The cocktail menu draws inspiration from the Roaring 20s, featuring famous drinks from the 70s and spirit-forward classics of the Prohibition era.

Available for up to 55 guests for cocktail reception  
with a mixed standing and seated.

Ash-Bar is an all-day bistro and café inspired by the languid communion of old-world cafés, but operating at the pace of contemporary life. Serving fresh provisions, continental fare, and classic cocktails, seven days a week. The Baltimore dining room conjures up a 1930s transatlantic crossing — with polished surfaces, wicker chairs, vintage leather sofas, and leafy palms. Classically inspired, the menu at ASH-BAR is designed for new rituals.
