

We have revolutionised allergy diagnostics and have been operating successfully in more than 60 countries for over 5 years with our diagnostic products and patented technologies. Our products make it possible for all relevant allergies to be clarified in just one step and for patients to quickly receive the optimal treatment from their specialist.

In just 5 years, we have grown from a startup to a globally operating company with approx. 50 employees at our highly modern location in Vienna Liesing.

We continue to grow - and are therefore currently looking for

## Finance Manager (m/f/x)

### Your tasks

- Controlling and monitoring of sales activities and order management
- Ongoing financial controlling and preparation of monthly management reports
- Collaboration in the budget preparation and adaptation of the business plan
- Supporting the ongoing accounting, in particular with the monthly, quarterly and annual financial statements
- Taking over and supporting various tasks in daily financial and personnel management
- Collaboration in the design of work processes and their ongoing optimisation

### Your profile

- Completed commercial training & education (university, FH, commercial academy)
- Several years of relevant professional experience
- Basic knowledge in the preparation of annual financial statements
- Experience in the preparation of business plans is an advantage
- Good knowledge of German and English
- Analytical and networked thinking, personal initiative, hands-on mentality
- Motivation to grow in a team on exciting projects and challenges
- Ability to work and report independently
- Strong team and communication skills and flexibility

### Our offer

- Work in a committed young team of a multi-award-winning life science company
- Development in a company with pioneering spirit, strong culture, and great diversity
- The attractiveness of the environment can be expressed by the low fluctuation rate
- Varied and challenging tasks as a basis for personal & professional development
- Full-time position with attractive working environment
- Flexible working hours
- Perfect connections to Vienna's public transport network (location 1 minute walk from U6 station Perfektastraße)

**Extensive benefits, such as**

- Annual pass for Vienna's public transportation system
- Daily meal vouchers
- Regular team events
- Perfect office and laboratory infrastructure
- Active opportunities to help shape the company (innovation of the month)

For the cooperation in our team, we offer a payment in line with the market starting from EUR 3,000.- gross p.m. based on a full-time position. Your actual salary depends on your previous experience and qualifications.
