

DESTINATION IMAGINATION

An imagination-fuelled adventure where children become bold characters, take on epic quests, and work as a team to complete their missions.

HERO ACTIVITY

Sunken Treasure Quest

Disaster Dash:
Save the Town!

Super Sports Tournament

Elements Endurance Towers

Operation:
Escape Room!

MAKE & TAKE

Ocean Creature Cookies

Mini Parachute Buddy

Finger Football Frenzy

Static Surge Dance

Cipher keypad

SKILL ZONE

Sea Bottom Mini Golf

Emergency Airlift Landing

Slam Dunk Snack Shootout

Electric Paper Circuit

Operation:
Stealth Trace

DEEP-SEA DISCOVERER

An underwater explorer who uncovers ocean mysteries and works with their crew to complete deep-sea challenges.

RAPID RESCUE RESPONDER

A fast-thinking hero who works with their team to help, protect, and solve urgent challenges.

SPORTS STAR

A high-energy champion who takes on team games, skill challenges, and active missions.

EXPLORER ENGINEER

An adventurous inventor who discovers new possibilities and brings brilliant ideas to life through creative engineering.

INTELLIGENCE AGENT

A sharp, stealthy specialist who cracks codes, solves clues, and completes undercover missions.

DESTINATION IMAGINATION

ACTIVITY DESCRIPTIONS

DEEP-SEA DISCOVERER

Sunken Treasure Quest

Children follow compass clues and explorer instructions to uncover hidden deep-sea treasure, then create their own adventure maps to guide future explorers.

Ocean Creature Cookies

Children decorate digestive biscuits with icing and toppings to design their own under-the-sea creatures and ocean-themed treats

Sea Bottom Mini Golf

Children build a deep-sea themed mini golf course and use ping-pong "beach balls" to flick their way through obstacles, earning points for their team.

RAPID RESCUE RESPONDER

Disaster Dash!

Children work in teams to tackle emergency zones—moving water to vital areas, constructing a safe bridge, navigating clues to rescue a lost "pet," and clearing obstacles through teamwork-based communication challenges.

Mini Parachute Buddy

Children create their own pipe-cleaner rescue buddy with a handmade parachute and test their landing skills by guiding it safely onto a target zone

Emergency Airlift

Children build straw-powered planes and attempt emergency landings while teammates create varying weather conditions to either help guide the aircraft or blow it off course.

SPORTS STAR

Super Sports Tournament

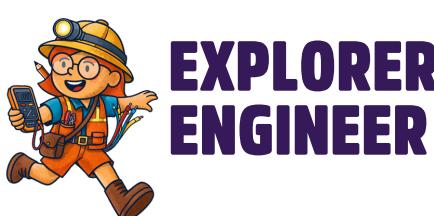

Children vote for their club's top three favourite sports and compete in a lively, friendly tournament to crown the Super Sports Champions.

Finger Football Frenzy

Children create their own mini finger-football characters and compete in fast-paced tabletop matches to score the most goals.

Slam Dunk Snack Shootout

Children design mini basketball hoops with backboards, then compete by shooting decorated ping-pong "basketballs" into mystery snack cups—revealing delicious or yucky surprises when each shot lands.

EXPLORER ENGINEER

Elements Endurance Towers

Children build spaghetti-and-marshmallow towers designed to withstand extreme "element" tests, from fierce winds to sudden shakes, using engineering skill and teamwork.

Static Surge Dance

Children explore static electricity by creating lightweight paper dancers and using balloons to make them jump, wiggle, and dance with electric energy.

Electric Paper Circuit

Children use an LED light, a small battery, and aluminium foil to engineer their own working paper circuit, then decorate it to create a glowing card or design.

INTELLIGENCE AGENT

Operation: Escape Room

Children work as a team to solve a mystery using clues, riddles, and evidence before time runs out.

Cipher keypad

Children use a special keypad cipher to decode secret messages and uncover hidden clues, working as real covert agents on a classified mission.

Operation: Stealth Trace

Children guide a precision tool through a covert maze without touching the "laser lines," testing focus, steady hands, and silent teamwork.
