At JAG, we offer a wide range of activities for kids. Our core programming is multi-activity based, but we also introduce themed activities during holidays, as well as welcome ideas from children as part of our child-led approach. Please note that activities are subject to change & dependent on the venue you attend. The themed activities below give an insight into what our teams will deliver over the holiday. Please speak to them onsite for more details. *Some of our leisure centre venues offer swimming. If you're curious about the swim sessions for children, please speak with the venue team directly, as swim times vary across locations based on the leisure centre's timetable.
