

An introduction to Outside School Hours Care.

A place to play,
connect and grow.

Get a head start with **OSHC**

Designed for primary school children, OSHC provides a safe, fun and engaging space before and after school and throughout the holidays!

How can we support your child's development?

School readiness

Our programs prepare children for the school day ahead and create environments where friendships can thrive outside of the classroom.

Where play meets potential

We are passionate about play. That's why all our programs are designed around play, fun and friendship.

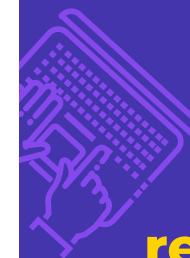

Life skills

We give children the opportunity to learn about and practice important life skills like taking care of themselves and others, the environment around them, extending on what's taught in the classroom.

Social development

Monash University research found that 90% of children reported that our Adventure Program helped them look after themselves and their friends.
