

EDITORIAL

DEAR RADONAUTS,

The year 2019 is now in full swing and, with this, we would like to introduce you to our current range of products.

2019 is a special year for us in many regards. This year, our friends at bike-discount.de will be celebrating their 30th anniversary. What first began as a small bike shop run by two students in Bonn now provides thousands of customers across Europe – hopefully you're one of them – with everything which makes a biker's heart beat a little faster. One of Europe's largest online shops in the bike industry, they do this on great terms and with fantastic service. These two former students continue to have a burning passion for bikes and accessories and are continuing to shape the future of H&S Bike Discount today – our most heartfelt congratulations to them both.

We are also welcoming back Lisa Brandau who, following a year of abstinence from Team RADON, has come back in order to link the JEALOUS (a model which she considerably helped to develop) with her great success in the Cross Country World Cup – we'll keep you up to date.

Of course, we once again have a few things planned in order to allow you to experience our bikes with as few obstacles as possible. In addition to our usual events, we will be sponsoring the Enduro1 racing series in 2019, where we will be offering our services on location as well as presenting our latest products: SLIDE TRAIL and SWOOP – our latest stunners when it comes to the classic versions of Enduro sports races. If you're looking to take to the starting line with a little power behind the pedals, you'll find a capable set of wheels in the form of our SWOOP HYBRID. The topic of road bikes will also be particularly important within the RADON range of products this year – be sure to take a look at our brand-new models: VAILLANT DISC and SPIRE DISC.

As you can see, RADON once again has a great deal planned for this year. We look forward to wide attendance at our events and would just like to say: #bisbaldimwald.

Your RADON team

A photograph of two mountain bikers riding on a rocky, gravelly trail. The lead cyclist is a man in a red and grey jersey, black shorts with 'GOPE' written on the side, and a black helmet. He is leaning forward in a powerful riding posture. Behind him is a woman in a grey long-sleeved shirt, black shorts, and a grey helmet, also leaning forward. The background shows a rugged, rocky hillside with sparse green vegetation under a clear blue sky. The word 'RADON' is overlaid in large, white, stylized, italicized letters across the center of the image.

GLOBAL SHIPPING. LOCAL SERVICE.

As a bike manufacturer, we offer bikes of real quality with first-class features at top conditions. But since many people want face-to-face advice when they purchase a bike, and want somewhere to take it for repair and all the maintenance tasks, we have created the Radon service partner programme. The concept is unique: local bike dealers and repair shops gain from the programme as do the consumers.

The first service of your Radon bike is also available at the service partner for a fixed price - depending on the type of bike, it's €30 (racing bikes), €35 (hardtails) or €40 (full suspension and trekking bikes), as long as the service is booked within four weeks of the receipt of the bike, and the bike does not show more than 300km of use. Currently there are over 300 service partners throughout Europe, with more joining the programme all the time.

RADON EVENTS 2019

05.04. – 07.04.2019

TRAILPARK MEHRING

We're kicking off the season at the Trailpark Mehring near Trier. This is THE opportunity to take a closer look at our latest fleet of test bikes for 2019 and – of course – to ride them.

21.04. – 21.04.2019

RADON EPIC ENDURO OLARGUES

Why not simply spend Easter at the most challenging and draining Enduro race in the world? The beautiful Haute Languedoc Regional Nature Park in France awaits.

03.05. – 05.05.2019

BIKE FESTIVAL RIVA

The event to kick off the season – and a MUST for any mountain biker! Test our new 2019 bikes in a fantastic area right by Lake Garda.

04.05. – 05.05.2019

ENDURO ONE SERIES

This year, we are the main sponsors at the Enduro One series where, among other things, we will be presenting our new bikes.

17.05. – 19.05.2019

BIKE FESTIVAL WILLINGEN

Once again, this biking stronghold in the Sauerland region will be inviting participants to bike and party. At the same time, you can test out our new bikes.

31.05. – 02.06.2019

FESTIVAL VÉLO VERT VILLARD-DE-LANS

If you're looking to test RADON BIKES and enjoy the sun while doing so, look no further than Vélo Vert. As always, feel free to begin your own bike tours here – the Vercors Massif in the French Alps extends a welcome invitation.

04.07. – 07.07.2019

GLEMMRIDE SAALBACH

All sorts of freeride routes, nature trails, endless forest trails or fun pump tracks... ride with everything you've got! We guarantee that you'll have a great time with our test bikes.

20.07. – 21.07.2019

FLOWTRAIL SIEGEN

Due to the great success of the past two years, we will once again be on location in Siegen this year, offering you the chance to try out our bikes. Here, a flowing 4.2-kilometre trail descends a total of 175 metres, featuring drops both big and small.

ARD ROCK FESTIVAL YORKSHIRE

Bikes, music, partying and racing is what the Ard Rock Festival 2019 is all about. Here, you have the opportunity to test our 2019 fleet of RADON bikes in the beautiful Yorkshire Dales National Park.

TESTRIDE LENZERHEIDE

From SLIDE TRAIL to JAB to SWOOP, at the Bikepark Lenzerheide we will have (almost) everything on-hand for you to test. What's more, approx. 50 additional exhibitors will be presenting their latest products at the Rothorn valley station exhibition grounds.

MOUNTAINBIKE FESTIVAL BRIXEN

The Mountainbike Festival in Brixen calls for biking in the autumn sun in beautiful South Tyrol. We will be waiting for you at the Domplatz in the picturesque old town in order to give you another opportunity to test our bikes.

SIZE
SPLIT

NOW YOU CAN CHOOSE YOUR SIZE...

The Size Split concept – introduced for the 2017 model year – has been implemented across two model series in 2019. In doing so, the JEALOUS AL – featuring the same geometry – will be continuing the success story of its carbon counterpart. In the 27.5" models, we have deliberately done away with the largest frame size (22"), and in our 29" models we have also done away with the smallest size (16"). As body size and stride length are in perfect harmony with the size of the wheel, Size Split grading allows us to guarantee the best possible performance.

An additional advantage: we even offer the "medium" frame sizes (18"/20") in both wheel sizes. Are you looking for a versatile and agile bike, or is the best possible performance on tour more your thing? **Size Split gives you the choice!**

SLUSH

LITTLE BLACK DRESS

The SLUSH is our brand new dirt bike, developed and tested under professional conditions. The expertise and know-how of none other than team-rider Lukas Schäfer has been put into its frame which impresses with its agility and speed. It is light-weight, stiff and highly robust. The front is designed to take forks with up to 100mm of travel. An adjustable dropout with a choice of through or quick-release axles, BSA threaded bottom bracket and tyres up to a 2.3" wide give you the perfect basis for a new dirt bike.

R1 REPRESENTS A HIGH-PERFORMANCE, INEXPENSIVE ENTRY TO ROAD RACE CYCLING

Like the R1 itself, the Shimano 105 gears stand for high quality and precision at an affordable price. Reliable and low-drag Mavic Aksium RS wheels shine with sleek Aero spokes. Unnecessary weight is saved on with the aerodynamic Radon R1 carbon fork and lightweight LEVELNINE components. The smooth-rolling and solid Continental Ultra Sport II tyres ensure your training runs are always fun.

THE PICK OF THE BUNCH

The brand new JEALOUS HYBRID is also the lightest horse in our EMTB stable. 29-inch tyres in a reinforced carbon-fibre frame and a Bosch Performance Line CX engine invite you to join in uphill sprint duels. And the JEALOUS HYBRID hasn't lost its racing genes, evident from its manoeuvrable and frisky character. With an unbeatable overall weight, low centre of gravity and sporty geometry, every outing becomes a fun ride.
