

**ONLY FOR
THE BEST.**

RADON BIKES 2018

EDITORIAL

„WHOEVER INVENTED THE BICYCLE DESERVES THE THANKS OF MANKIND“

Charles Beresford, British admiral and politician, 1846 – 1919

We are now in 2018, a fast-moving age where it is increasingly important for businesses to keep an eye on the latest trends, focus on exceptional designs and, above all, bring innovative products to market. The bicycle industry is currently in a state of change: new bike categories are being created, old bike categories are experiencing a renaissance, and the topic of e-bikes is becoming increasingly prevalent.

Due to overcrowded city centres and the traffic problems this brings, as well as the ongoing diesel scandals and imminent driving bans, we see electrified personal transport as having major benefits. Our classic SUNSET HYBRID is the perfect companion for urban life. And it is not just in cities that e-bikes are becoming increasingly significant for the MTB sector. Demand in 2017 overwhelmed us. We have therefore been working successfully on new designs and, to add to our ZR TEAM HYBRID classic, have launched two new e-bike models in 2018: the ZR LADY HYBRID with a geometry specifically designed for females; and the JEALOUS HYBRID, a lightweight carbon hardtail with sporty geometry.

In the hardtail sector, we gave our lightning fast carbon racer JEALOUS a new design and the latest equipment along with an affordable aluminium model with the same racing geometry: the JEALOUS AL. State-of-the-art techniques in frame making has enabled elegant frame shapes to be produced while hydroforming at its best has delivered variable wall thicknesses and thus potentially record-breaking frame weights, star-

ting at 1620 grams for the 16"/27.5" model. This impressed the trade press who promptly gave „very good“ ratings for two test winners: the JEALOUS AL 8.0 and 9.0 1x12.

The success continues, with the enduro sector being redefined in 2018. The brand new JAB, successor to the SLIDE CARBON 160, wows in all situations: fully trimmed for riding pleasure with unbeatable equipment, design and price. The headline in issue 04/18 of the "Mountainbike" magazine stated: „This is how we imagine an enduro. Rating: Outstanding“. The magazine went on to report that the JAB delights with „handling and suspension finesse that puts a big fat smile on your face“.

Our company goal of „As much bike for as little money as possible“ will also be fulfilled in 2018. As one of the largest direct mail order companies in Europe, winning tests and gaining awards for exceptional value for money obliges us to think outside the box and to take risks more often. This is the only way to create products that fascinate and make history. On this note: **ARE YOU READY FOR SOMETHING NEW?**

3 WAYS TO GET A RADON

ORDER AT OUR ONLINE SHOP

www.radon-bikes.com

Find, order and purchase your dream bike at our online shop.

The bike is assembled, set-up and and packaged ready for delivery.

A parcel courier collects the bike and delivers it to your home.

Then simply unpack your bike and assemble it in a few simple steps.

Have fun with your new RADON bike.

Radon Bikes Hotline: +49 2225 / 8888-222

Monday to Friday 8 am - 6 pm,

Saturday 9 am - 1 pm

www.radon-bikes.com

bikes@bike-discount.de

BUY FROM OUR MEGASTORE IN BONN

Bike-Discount Megastore

Auf dem Kirchbüchel 6
53127 Bonn, Germany

Check and try out your dream bike in our shop. A trained sales team is waiting to give you help and advice.

Once you've chosen a bike, it's given a final check and adjusted to suit your individual requirements.

You can take your new bike home afterwards.

Have fun with your new RADON bike.

Megastore Hotline: +49 228 / 978480

Opening times: Monday to Friday: 10 am - 8 pm,

Saturday: 10 am - 6 pm

bikes@bike-discount.de

GLOBAL SHIPPING. LOCAL SERVICE.

As a bike manufacturer, we offer bikes of real quality with first-class features at top conditions. But since many people want face-to-face advice when they purchase a bike, and want somewhere to take it for repair and all the maintenance tasks, we have created the Radon service partner programme. The concept is unique: local bike dealers and repair shops gain from the programme as do the consumers.

The first service of your Radon bike is also available at the service partner for a fixed price - depending on the type of bike, it's €30 (racing bikes), €35 (hardtails) or €40 (full suspension and trekking bikes), as long as the service is booked within four weeks of the receipt of the bike, and the bike does not show more than 300km of use. Currently there are over 300 service partners throughout Europe, with more joining the programme all the time.

RADON EVENTS 2018

28.04. - 01.05.2018

BIKE FESTIVAL RIVA

The event to start the season. A must-visit for every mountainbiker! Test our new 2018 bikes in a gorgeous location right at Lake Garda.

10.05. - 13.05.2018

DIRTMASTERS WINTERBERG

Like to shred?! If so, Dirt-masters is the place to be!

19.05. - 21.05.2018

BIKE FESTIVAL WILLINGEN

If the bikefestival in Riva was too far away for you, you now got the possibility to test our new 2018 bikes in the beautiful Sauerland.

29.06. - 01.07.2018

LES PASS'PORTES DU SOLEIL

Bienvenue en France! The 3rd annual of Les Pass'Portes du Soleil. Our bikes are waiting to be tested in the french alps.

12.07. - 15.07.2018

GLEMMRIDE SAALBACH

Cool dudes, nice trails and the best Radon bikes to test. Let's not forget the beautiful mountainside of Saalbach.

03.08. - 05.08.2018

FLOWTRAIL SIEGEN

The guys from MTB Siegerland are working steadily on extending the trails to make them more fun. See you on the trail!

11.08. - 12.08.2018

BIKEPARK LAC BLANC

If you missed our test days in Hahnenklee and if Lenzerheide is too far away for you, has another chance to test in August in the french Lac Blanc.

25.05. - 27.05.2018

E-BIKE DAYS MÜNCHEN

Come to Munich and extensively test all of our E-Bikes for a change.

01.06. - 03.06.2018

VÉLO VERT, VILLARD-DE-LANS

On to Vélo Vert: test Radon Bikes and enjoy the sun!

08.06. - 10.06.2018

SEA OTTER EUROPE GIRONA

The famous Sea Otter Bike Festival in Girona takes place for the second time.

15.06. - 17.06.2018

TESTRIDE AT BIKEPARK HAHNENKLEE

You can find the Bikepark Hahnenklee right in the heart of Resin Mountains, where we offer a RADON testevent this year.

24.08. - 26.08.2018

TESTRIDE LENZERHEIDE

About 50 exhibitors are presenting their innovations at the expo area next to the bottomstation Rothorn.

20.09 - 23.09.2018

MOUNTAINBIKE FESTIVAL BRIXEN

We await you in the picturesque Old Town, so you can test our bikes.

11.10. - 14.10.2018

ROÇ D'AZUR 2018 FRÉJUS

Enjoy the last days of the season under the sun of south-france at Cote d'Azur while testing our bikes. It can't get any better.

SIZE
SPLIT

YOU CHOOSE YOUR SIZE...

For 2017, we have introduced our new Size Split concept and it will be used for four model series in 2018 as well. The brand-new JEALOUS AL has superseded our classic model ZR RACE. With the same geometry as its carbon counterpart, the JEALOUS AL will continue the hardtail success story. For 27.5" models, we intentionally do without the largest frame height (22"), and for the 29" models, the smallest (16"). Size Split scaling means we guarantee best possible performance by perfectly harmonizing body size and leg length with wheel size.

Another plus: we offer the „medium“ frame height (18"/20") in both wheel sizes. Do you want a nimble and agile bike? Or perhaps you'd prefer the best possible touring performance? **With Size Split, the choice is yours!**

MODEL SERIES WITH SIZE SPLIT

ROCK, MUD OR SNOW: THE CALL OF THE MOUNTAINS NEVER STOPS!

With the SLIDE FE, you get the perfect bike for the challenging trails and conditions in low mountain ranges thanks to its fat 2.6 inch tyres, balanced handling and outstanding climbing characteristics. 130mm travel at the rear and 140mm at the front ensure a comfortable ride on single trails.

FLIP CHIP – CHOOSE YOUR MEAL!

„Choose your Meal“, „The Choice is Yours“ or „All-Singing, All-Dancing“ - we spent a long time debating what to call our new Flip Chip concept. Its special feature: you can quickly switch your SWOOP 170 from high-end tourer to trail or downhill mode. For each configuration, the head tube and seat angles change by 0.5° and the BB drop by around 6mm.

Whether on a tour, a trail or in the park: with the FLIP-CHIP technology, you can instantly change the SWOOP's geometry to satisfy any craving.

SLUSH FRAMESET

LITTLE BLACK DRESS

The SLUSH is our brand new dirt bike, developed and tested under professional conditions. The expertise and know-how of none other than team-rider Lukas Schäfer has been put into its frame which impresses with its agility and speed. It is light-weight, stiff and highly robust. The front is designed to take forks with up to 100mm of travel. An adjustable dropout with a choice of through or quick-release axles, BSA threaded bottom bracket and tyres up to a 2.3" wide give you the perfect basis for a new dirt bike.

FRAMECONCEPT

The SAGE CARBON's frame is based on the high expectations of tourers and racers: top performance, low weight and high comfort levels. The state-of-the-art Twin Mold process and optimally shaped, oversized carbon tubes of the frame's main section and chain stays, means the frame achieves the highest levels of rigidity. This means top sprinting performance and energy transfer. The slender seat stays and a flat top tube offer exceptional vertical damping. The monocoque design is highly effective in reducing frame weight.

R1 REPRESENTS A HIGH-PERFORMANCE AND INEXPENSIVE ENTRY INTO ROAD RACE CYCLING

The Shimano 105 gears stand for high quality and precision at an affordable price. Reliable and low drag Mavic Aksium RS wheels shine with sleek aero spokes. Unnecessary weight is saved with the aerodynamic Radon R1 carbon fork and light-weight LEVEL NINE components. The smooth-rolling Continental Ultra Sport II tyres ensure your training runs are always fun.

THE PICK OF THE BUNCH

The brand new JEALOUS HYBRID is also the lightest horse in our EMTB stable. 29-inch tyres in a reinforced carbon-fibre frame and a Bosch Performance Line CX engine invite you to join in uphill sprint duels. And the JEALOUS HYBRID hasn't lost its racing genes, evident from its manoeuvrable and frisky character. With an unbeatable overall weight, low centre of gravity and sporty geometry, every outing becomes a fun ride.

...UPHILL-HAPPINESS...

No lift or shuttle bus around but you still want to do as many trail runs as possible? Then you'll be well served with our first E-Bike-Fully: a powerful BOSCH Performance Line CX engine pushes you uphill in any terrain! To ensure you can also speed downhill, you get an air damper with 140mm suspension travel at the rear combined with 150mm forks at the front. Omnipotent 27.5+ tyres from Schwalbe ensure full downhill control. It's no surprise that our SLIDE 140 HYBRID has been awarded a multitude of top scores.

THE ONE AND ONLY ALL-ROUNDER

The SUNSET is low weight with high-quality equipment and is seen as our high-end trekking bike. Whether for everyday use or touring, the SUNSET impresses with its comfort on poor road surfaces. Lightweight air suspension forks and carefully selected high-quality components such as an adjustable stem, bars, saddle and grips ensure long-term riding pleasure. The bikes are of course equipped with modern lighting systems, mudguards and luggage racks and are available for both men and women. No need to set limits for the next tour!
