STANDARDS/RECOMMENDATIONS/DIRECTIVES

Regulation (EC) 2023/2006 on good manufacturing practice for materials and articles intended to come into contact with food

CONFIRMATION

We confirm,

that our production processes comply with the relevant requirements of Regulation 2023/2006/EC (GMP), applicable to intermediate materials (plastics).

Requirements and procedures regarding quality assurance, quality control and documentation are described in our integrated management system which is regularly audited by third party certification bodies.

This document expires at the earlier of two years from date of issue or any regulatory change occurring. We kindly ask you to request a new declaration if necessary.
This document was created electronically and is valid without signature.

Kind regards
AKRO-PLASTIC GmbH

sgn. i. A.

The information is based on our current knowledge and experience. In view of the many factors that may affect processing and application of our product, these data do not relieve processors from carrying out their own investigations and tests. The declaration is not to be construed as guaranteeing specific properties of the product or their suitability for a particular application. This declaration replaces all previous ones to this subject. The document is valid two years.
