STANDARDS/RECOMMENDATIONS/DIRECTIVES

Directive 2011/65/EC on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS) with all amendments including (EU) 2024/232

CONFIRMATION

We confirm that the products

AKROMID®, AKROLOY®, AKROTEK®, AKROLEN®, PRECITE®

fulfill the above mentioned directive.

Lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls (PBB) polybrominated diphenyl ethers (PBDE), Bis(2-ethylhexyl) phthalate (DEHP), Butyl benzyl phthalate (BBP), dibutyl phthalate (DBP) and diisobutyl phthalate (DIBP) are not intentionally added by recipe

AKRO-PLASTIC does not regularly analyse products for the absence of any of the substances mentioned in the regulation above. However, we do not expect any of the substances to be present in our products exceeding the limits defined in any of the regulations above. This assessment is based on information provided by our suppliers and the internal evaluation of our production processes.

The information is based on our current knowledge and experience. In view of the many factors that may affect processing and application of our product, these data do not relieve processors from carrying out their own investigations and tests. The declaration is not be construed as guaranteeing specific properties of the product or their suitability for a particular application. This declaration replaces all previous ones to this subject. The document is valid two years.
