## Instruktion för anslutning av Wallbox till Heartbeat

1. Inställningar i Wallbox-portalen
  - a. Logga in i Wallbox-appen
  - b. Uppdatera mjukvara till senaste uppdatering, 6.4.14 eller senare

The screenshot shows the Wallbox Dashboard interface. On the left is a dark sidebar with navigation options: Organizations (Family), Dashboard, **Chargers** (highlighted with a purple box), Locations, Sessions, Users, and Payments. The main content area is titled 'Dashboard' and includes filters for 'Locations: All' and 'User: All'. It features three summary cards: 'Active chargers' (0%), 'Available chargers' (0%), and 'Unavailable chargers' (100%). Below these are four overview cards for Organizations (1), Chargers (1), Locations (1), and Users (1). At the bottom, there is a table for 'Active Chargers' with columns for Chargers, Location, Status, User, Charging time, and Energy.

The screenshot shows the Wallbox 'Chargers' page. The sidebar is the same as in the dashboard view, with 'Chargers' highlighted. The main area has a search bar and filters for 'Locations: All', 'Status: All', and 'Type: All'. A '+ Add charger' button is in the top right. Below is a table of installed chargers with columns for Name, Location, Status, and Actions. One charger is listed: 'Commander 2 SN 936394' with SN 936394, located at 'Family', and status 'DISCONNECTED'. This row is highlighted with a purple box.

# 1KOMMA5°

The screenshot shows the Wallbox portal interface for a charger named 'Commander 2 SN 949018' which is in a 'LOCKED' state. The left sidebar contains navigation options like 'Organizations', 'Dashboard', 'Chargers', 'Locations', 'Sessions', 'Users', and 'Payments'. The main content area is divided into sections: 'General' (Charger's name, Location, Power limit, Timezone), 'Connectivity' (OCPP), 'Payments' (Energy cost: €0.20/kWh), and 'Software' (Auto-update, Software version: 6.4.36 installed on 03/26/2024, 4:38 PM). The 'URL' field is set to 'ws://192.168.0.1:8180/ocpp'. Buttons for 'Update' and 'Restart' are visible at the top right.

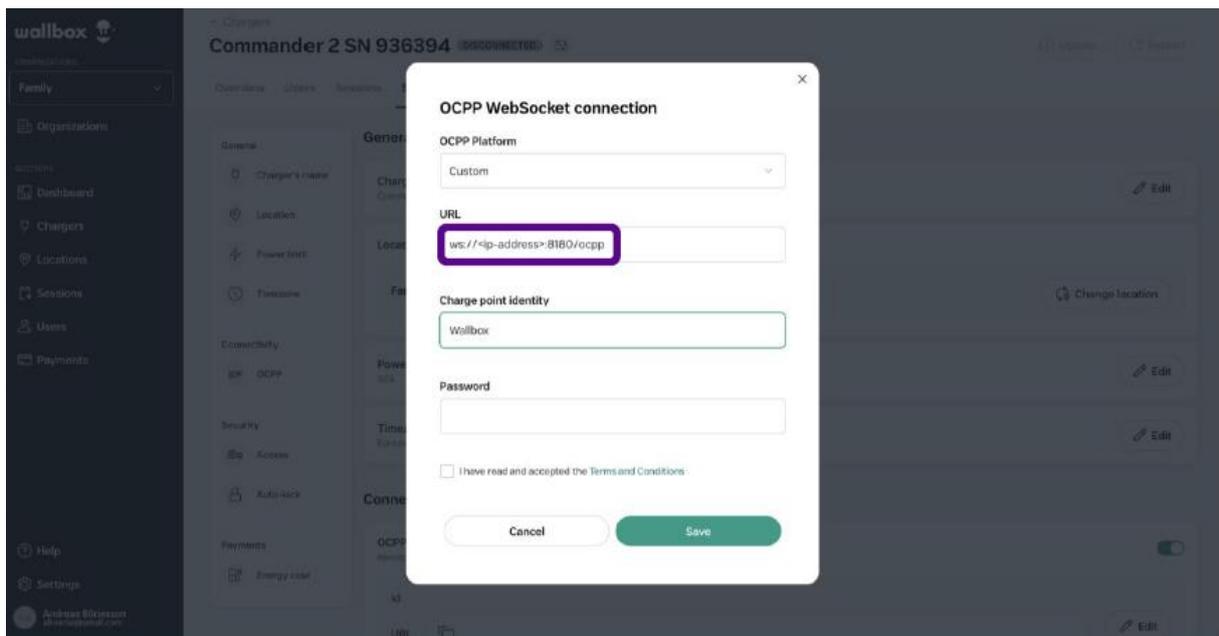

c. Tillåt OCPP i Wallbox-portalen

The screenshot shows the Wallbox portal interface for a charger named 'Commander 2 SN 936394' which is in a 'DISCONNECTED' state. The left sidebar is the same as in the previous screenshot. The main content area shows the 'Settings' page for this charger. The 'General' section includes 'Charger's name' (Commander 2 SN 936394), 'Location' (Family), 'Power limit' (32A), and 'Timezone' (Europe/Stockholm). The 'Connectivity' section shows 'OCPP Websocket connection' with a toggle switch that is currently turned off. Buttons for 'Update' and 'Restart' are visible at the top right.

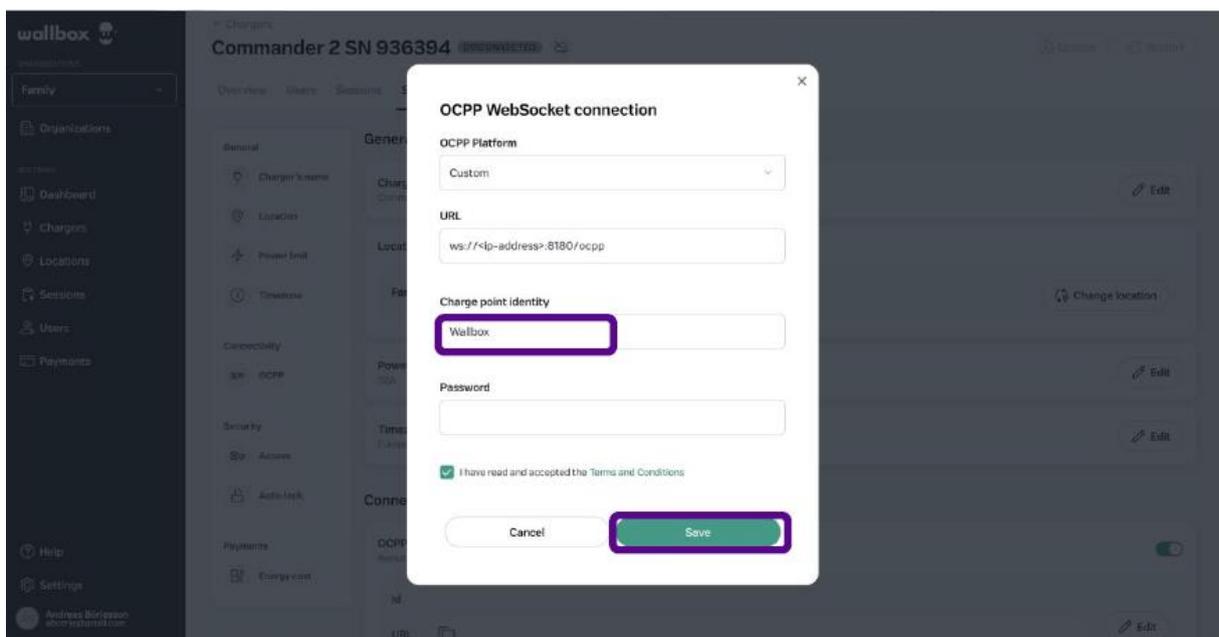

d) Mata in IP-adress för GridX Box från IP-scanningen i Wallbox-portalen. Din IP-adress får du från supporten på 1KOMMA5°.

Exempel: **ws://192.168.0.1:8180/ocpp**
