

Thinking solutions.

Data Centre Finland

Task

- Dynamic pressure maintenance and degassing for a Nordic data centre

Product solution

3 skid solutions in total:

- 1x skid for a 2.4 MW heating system—Skid 2.0 x 2.0 m
- 1x skid for a 3.0 MW glycol system—Skid 2.5 x 2.0 m
- 1x skid for a 256 kW de-icing system—Skid 1.5 x 1.5 m

Achieved goals

- The system runs safe and smoothly. The cold climatic conditions were perfectly met and have been eliminated as disrupting factors.
